BIT 21603 Final Assessment: rubrics, revised and aligned with LEED 26

Every rubric from the Group Project Instruction (Components A to E), with fixes to errors in the paper and the additions it needs to work with the LEED 26 competition and judging system. The marks and level descriptors are unchanged unless highlighted.

Course BIT 21603 Technopreneurship
Session Semester I, 2026/2027
Source Final Assessment, Group Project Instruction (11 pages)
Revised 14 November 2026

Yellow changed from the paper Green added (not in the paper) Plain text is as in the paper.

1. What I fixed in the paper

#	Where	In the paper	Revised	Why
F1	**Cover vs §1**	Course name “Technopreneurship” on the cover, “Cyber Entrepreneurship” in §1.	**Technopreneurship in both places.**	Same course, two names. Confirm the official name with the course coordinator.
F2	**Cover, §1, §4.2**	“6 weeks (Week 6 – Week 13)” and “6-week selling window”.	**“8 weeks (Week 6 – Week 13)”.**	Week 6 to Week 13 counts as 8 weeks. If the window is really 6 weeks, change the week range instead.
F3	**§2.1 Group Composition**	BIS / BIM / BIW / BIP / BIT.	**BIT / BIK / BIP / BIW / BIS.**	BIM is not an FSKTM programme code and BIK is missing. This also matches the programme list in the LEED 26 deposit form.
F4	**Event highlight vs §2.1**	Clusters named two ways: “Fashion & Accessories / Student Talent & Innovation” and “Fashion & Clothing (Products & Accessories) / Student Talent & Services”.	**One list: 1) Food & Beverages (Malaysian & International), 2) Fashion & Accessories, 3) Local Products & Creative Business, 4) Student Talent & Innovation.**	Teams must pick one cluster, so the names should match everywhere. Uses the event highlight wording.
F5	**§5.1 Component A**	Per-criterion weightage 3% / 3% / 3% / 1% for 5 / 4 / 4 / 2 marks.	**3.33% / 2.67% / 2.67% / 1.33%.**	Weightage now follows the marks (marks ÷ 15 × 10%). Total is still 10%.
F6	**§5.3 Component C**	Feasibility & SDG 8 Alignment: 5M (1.0%); the other two: 5M (2.0%).	**Each criterion 5M (1.67%).**	Three equal 5-mark criteria cannot carry 2% / 2% / 1%. Total is still 5%.
F7	**§5.5 Component E**	Visual Slide Design 5M (3.0%); the other three 5M (4.0%).	**Each criterion 5M (3.75%).**	Four equal 5-mark criteria. Total is still 15%.
F8	**§4.3 Component C**	“Maximum 2 to 3 minutes”.	**“2 to 3 minutes (no longer than 3 minutes)”.**	Removes the double limit. Same length the LEED 26 system shows teams.
F9	**§4.5 Component E**	“Student teams can explicitly defend…”.	**“Student teams must explicitly defend…”.**	It is assessed (Sustainability criterion), so it is a requirement, not an option.
F10	**Appendix B**	Group Membership Record has 5 rows.	**8 rows (rows 6 to 8: Member).**	Groups have 7 to 8 members (§2.1).
F11	**Appendix C**	Peer evaluation has 5 rows.	**8 rows.**	Every member rates every other member and themselves.
F12	**Rubric tables, layout**	Narrow columns split words (“Registra-tion”, “Custom-er”, “Promoti-on”, “dissatisfactio-n”, “Panics/ab-andons”); “No impl.” and “No sub.”; stray “#” before the SDG 8 note; page 9 has no header or page number.	**Tables rebuilt with full words: “No implementation.” and “No submission.”**	Readability only. No rubric wording changed.

2. What I added

#	Where	Added	Why
N1	**All rubrics**	**Level to marks rule: a criterion worth M marks gives level × M ÷ 5 (Component A: Excellent = 5, Good = 4, Satisfactory = 2 or 3, Needs Improvement = 0 or 1).**	The paper gives levels 0 to 5 but criteria worth 2, 3, 4 or 5 marks, and never says how a level becomes marks. This is the rule the LEED 26 system uses.
N2	**§4.2 Component B, Place**	**Description adds "and the condition of the booth on the day (clean, tidy, clear menu and prices)".**	§4.2 already mentions physical booth placement, but the rubric only judges targeting. The LEED 26 competition has a Clean and Charming Stall award and visitors are asked "Is the stall clean and inviting?".
N3	**§4.2 Component B, SSM**	**SSM Registration (3M) is checked by the lecturer from the report appendix, not judged at the stall.**	Judges at LEED 26 score 5 stall elements. SSM is a document check, so it stays with the lecturer.
N4	**§4.4 Component D**	**With up to 3 videos, give one set of marks for all of the group's videos together. Video links are submitted in the LEED 26 system.**	The paper allows up to 3 videos but does not say how several videos are marked. Judges see all links on one score sheet in the system.
N5	**§4.4 Component D**	**Videos found with bought likes, views or automated engagement are removed from the Most Popular & Viral Video award.**	The paper prohibits bought engagement but gives no consequence; the viral award is decided by likes and shares.
N6	**New §6**	**LEED 26 competition: the 9 awards, who decides each, marks, places, and how they reuse the Component B, C and D rubrics.**	The paper only covers the course marks. The awards at LEED 26 use the same rubrics, so judges score once.
N7	**New §6**	**Visitor questions (1 to 5 stars), People Choice voting, ties and averaging of several judges.**	Not in the paper; this is how the LEED 26 system works.

Earlier open questions this paper answers

- **Pitch length.** 2 to 3 minutes (§4.3). The system already says this.
- **Up to 3 marketing videos.** Stated in §4.4. The system already allows 3.
- **Level 0.** Every rubric in Components B to E has Level 0. The system already allows 0 to 5.
- **Component B adds to 25.** Product 4 + Price 5 + Place 4 + Promotion 5 + Customer Service 4 + SSM 3 = 25. The earlier screenshot missed SSM.

Still to confirm with the committee or lecturer

- **Customer Service in the competition.** Component B keeps Customer Service (class). Dr Munie's note said it is for the class only, but The Competition lists Superb Customer Service. The paper does not settle the award.
- **Place for the competition.** Component B Place judges target audience. For Clean and Charming Stall, N2 adds the booth condition; the committee may prefer the 2025 wording (very clean, organised, clear layout and menu) for the competition.
- **Visitor stars in the awards.** The system makes the five stall element awards half jury, half visitors. The Competition lists them as jury marks.
- **Booth location in videos before Week 8.** §4.4 asks one video to show the booth location before Week 8, so stall numbers must be given out before then.
- **Course list.** The system's course list is from 2024 (BIT33902, BIC31802). BIT21603 Technopreneurship needs adding, with this semester's lecturers.

3. Assessment architecture and weightage

Component	Assessment task	Domain & taxonomy	Marks	Course weightage	Submission window
A	Written Final Project Report	CLO1 (Cognitive, C3)	15	10%	Week 13 / 14
B	Practical Business Implementation (Online + LEED 26 Booth Sales)	CLO2 (Psychomotor, P3/P4/P5)	25	10%	Ongoing (W6–W13, 8 weeks)
C	Business Pitch Video (2–3 min, no longer than 3 min), on YouTube	CLO2 (Psychomotor, P3/P4)	15	5%	Before Week 8
D	Promotional Video Marketing (up to 3 videos, under 1 min each), on student social media	CLO2 (Psychomotor, P3/P4/P5)	25	10%	Before Week 8
E	Presentation & Sustainability Defence	CLO3 (Affective, A3/A4)	20	15%	Week 13 / 14
Total			**100**	**50%**	

N1 Level to marks: every criterion is scored on its levels, then converted: marks = level × criterion marks ÷ 5. The small green line under each criterion's description shows the conversion. Component A's "Satisfactory (2 & 3)" and "Needs Improvement (0 & 1)" bands let the marker pick the exact level inside the band.

4. Course rubrics

5.1 Component A: Project Report Rubric (15 marks / 10%)

Evaluation Criteria	Description	Lvl	Marks	Excellent (5)	Good (4)	Satisfactory (2 & 3)	Needs Improvement (0 & 1)
Content & Organization	Evaluates inclusion of all required report template sections, structural completeness, executive summary, and logical narrative flow. 5→5 · 4→4 · 3→3 · 2→2 · 1→1 · 0→0	C3	**5M (3.33%)**	Includes all template sections with exceptional depth & logical flow.	Complete template structure with minor narrative gaps.	Basic inclusion of sections; lacks cohesive structure.	Incomplete report; major core sections missing.
Clarity & Critical Analysis	Measures analytical depth, critical evaluation of venture performance, data-backed reasoning, problem statement, and strategic synthesis. 5→4 · 4→3.2 · 3→2.4 · 2→1.6 · 1→0.8 · 0→0	C3	**4M (2.67%)**	Demonstrates rigorous critical thinking & data-backed reasoning.	Solid analysis backed by evidence; minor analytical gaps.	Descriptive narrative with limited critical evaluation.	Surface-level descriptions; lacks logical justification.
Financial Report & Analysis	Assesses accuracy and logic of cost breakdowns, pricing models, revenue forecasts, breakeven analysis, and balance sheet calculations. 5→4 · 4→3.2 · 3→2.4 · 2→1.6 · 1→0.8 · 0→0	C3	**4M (2.67%)**	Comprehensive cost breakdown, pricing logic & accurate breakeven.	Well-structured financial calculations with realistic assumptions.	Basic financial figures present; minor calculation flaws.	Unrealistic financial assumptions or missing calculations.
Presentation & Citation	Evaluates document formatting, visual aids, grammatical accuracy, professional tone, and APA 7th edition referencing. 5→2 · 4→1.6 · 3→1.2 · 2→0.8 · 1→0.4 · 0→0	C2	**2M (1.33%)**	Impeccable formatting, polished visual aids & flawless APA 7th.	Professional layout with minor formatting/citation errors.	Adequate layout; inconsistent citation formatting.	Poor formatting, frequent grammar errors or missing citations.

Report: 8 to 12 pages excluding appendices, 1.5 spacing, 11/12 pt Times New Roman, Arial or Calibri, APA 7th. Sections as Appendix A, with the SSM Maklumat Perniagaan certificate in the appendices.

5.2 Component B: Practical Implementation Rubric (25 marks / 10%)

Product 4
1.6%

Price 5
2.0%

Place 4 + Promotion 5
1.6% + 2.0%

Customer Service 4 + SSM 3
1.6% + 1.2%

Criteria	Description	Lvl	Marks	Level 5 (High)	Level 4	Level 3	Level 2	Level 1	Level 0
Product / Service	Creativity, quality & attractive presentation. 5→4 · 4→3.2 · 3→2.4 · 2→1.6 · 1→0.8 · 0→0	P4	**4M (1.6%)**	Highly creative, superior quality, attractive.	Creative, good quality, neat presentation.	Adequate quality & presentation.	Poor quality, weak presentation.	Very poor quality, messy.	*No implementation.*
Price Strategy	Competitive pricing grounded in ≥ 2 competitor benchmarks. 5→5 · 4→4 · 3→3 · 2→2 · 1→1 · 0→0	P3	**5M (2.0%)**	Highly competitive, affordable, ≥ 2 competitors.	Competitive, 1–2 competitor comparisons.	Reasonable, minimal competitor reference.	Overpriced or no competitors.	Inappropriate pricing model.	*No implementation.*
Place (Targeting)	Strategic alignment between target market & channels, and the condition of the booth on the day (clean, tidy, clear menu and prices). 5→4 · 4→3.2 · 3→2.4 · 2→1.6 · 1→0.8 · 0→0	P4	**4M (1.6%)**	Deep data-backed audience insight; channel aligned.	Clear target audience; strong channel rationale.	Target audience identified; standard choice.	Vague audience; mismatched platform.	Incorrect / missing audience definition.	*No implementation.*
Promotion	Visual appeal, campaign reach & promotional engagement. 5→5 · 4→4 · 3→3 · 2→2 · 1→1 · 0→0	P5	**5M (2.0%)**	Attractive visuals, high reach & engagement.	Attractive visuals and effective campaign.	Acceptable visuals; predictable campaign.	Weak visuals; ineffective campaign.	Poor visuals; no promotional effort.	*No implementation.*
Customer Service	Professional inquiry handling & crisis management. 5→4 · 4→3.2 · 3→2.4 · 2→1.6 · 1→0.8 · 0→0	P4	**4M (1.6%)**	Flawless crisis handling; protects brand.	Strong, confident interaction with minor flaws.	Manages issues adequately; prevents escalation.	Struggles under pressure; reacts poorly.	Escalates dissatisfaction; brand liability.	Panics / abandons.
SSM Registration	Statutory business registration under SPPP scheme. Checked by the lecturer from the report appendix (SSM Maklumat Perniagaan), not judged at the stall. 5→3 · 4→2.4 · 3→1.8 · 2→1.2 · 1→0.6 · 0→0	P4	**3M (1.2%)**	Fully complete, accurate SPPP certificate.	Complete documentation with minor errors.	Most required registration docs complete.	Key SSM docs missing.	Incomplete / invalid docs.	No SSM docs.

5.3 Component C: Business Pitch Video Rubric (15 marks / 5%)

2 to 3 minutes, on the group's YouTube channel before Week 8, showing the Group Number and Course Code. Covers the Business Model Canvas, value proposition, technology, financial viability and UN SDG 8 (Decent Work & Economic Growth).

Criteria	Description	Lvl	Marks	Level 5 (High)	Level 4	Level 3	Level 2	Level 1	Level 0
Concept & Innovation	Uniqueness of value proposition, technological integration, and original product/service solution. 5→5 · 4→4 · 3→3 · 2→2 · 1→1 · 0→0	P4	**5M (1.67%)**	Highly unique, trend-aligned, strong tech integration.	Creative, trend-aligned with good technology application.	Adequate concept with basic tech link.	Weak concept; minimal tech integration.	Poor concept; no technological link.	*No submission.*
Presentation & Demonstration	Engaging pitch narrative, crisp visual quality, clear product demonstration & professional editing. 5→5 · 4→4 · 3→3 · 2→2 · 1→1 · 0→0	P4	**5M (1.67%)**	Highly engaging narrative, crisp visuals, effective demo.	Engaging narrative with clear visuals and product demo.	Adequate visual presentation and basic demo.	Weak visuals; unclear product demo.	Poor visual quality; no product demo.	*No submission.*
Feasibility & SDG 8 Alignment	Realism of business model, market opportunity, financial viability & explicit UN SDG 8 alignment (Decent Work & Economic Growth). 5→5 · 4→4 · 3→3 · 2→2 · 1→1 · 0→0	P3	**5M (1.67%)**	Robust model; exceptional SDG 8 integration (decent work & economic growth).	Realistic model with clear SDG 8 relevance & market demand.	Adequate model with basic SDG 8 & market understanding.	Weak model; vague market & superficial SDG 8 link.	Unrealistic model; no market demand or SDG 8 alignment.	*No submission.*

5.4 Component D: Promotional Video Marketing Rubric (25 marks / 10%)

Up to three videos, each under 1 minute, on TikTok, Instagram or similar before Week 8; at least one promotes the group's LEED 26 booth. N4: one set of marks covers all of the group's videos together; links are submitted in the LEED 26 system. N5: bought likes, views or automated engagement remove the group from the Most Popular & Viral Video award.

Criteria	Description	Lvl	Marks	Level 5 (High)	Level 4	Level 3	Level 2	Level 1	Level 0
Promotional Engagement	Creativity & capacity to motivate consumer action. 5→5 · 4→4 · 3→3 · 2→2 · 1→1 · 0→0	P4	**5M (2.0%)**	Highly engaging, creative, strongly drives viewer action.	Engaging content that motivates viewer action.	Moderate engagement; achieves basic objective.	Low engagement; weak call to action.	Ineffective; fails engagement purpose.	*No submission.*
Core Value Points	Clear communication of core selling points (≥ 3 USPs). 5→5 · 4→4 · 3→3 · 2→2 · 1→1 · 0→0	P4	**5M (2.0%)**	Exceptional clarity; highlights ≥ 3 unique selling propositions.	Clear message highlighting 2 core selling propositions.	Fair clarity highlighting 1 core selling proposition.	Unclear message; minimal value highlights.	Complete lack of message clarity or selling points.	*No submission.*
Visual Impact & Branding	Visual aesthetics, graphic quality & brand alignment. 5→5 · 4→4 · 3→3 · 2→2 · 1→1 · 0→0	P5	**5M (2.0%)**	Superior brand visuals, graphics, and aesthetic appeal.	High-quality visuals that support brand presentation.	Minimal visual graphics; partial brand support.	Weak, distracting, or unpolished visuals.	Absence of visual branding elements.	*No submission.*
Audio Quality & Balance	Clarity, volume balance & soundtrack coordination. 5→5 · 4→4 · 3→3 · 2→2 · 1→1 · 0→0	P3	**5M (2.0%)**	Crystal clear audio, balanced mix, complements video.	Clear, well-balanced audio tracking.	Adequate audio with minor volume imbalance.	Poor audio coordination or background noise.	Unusable audio quality.	*No submission.*
Editing & Production	Camera stability, scene transitions & production polish. 5→5 · 4→4 · 3→3 · 2→2 · 1→1 · 0→0	P4	**5M (2.0%)**	Sharp, steady camera work with professional transitions.	Steady camera work with effective scene transitions.	Adequate camera focus with basic editing.	Unsteady footage; weak scene transitions.	Substandard editing and camera control.	*No submission.*

5.5 Component E: Presentation & Sustainability Defence Rubric (20 marks / 15%)

20-minute oral slide presentation in Week 13 or 14. Teams must explicitly defend how the business sustains financial performance (Economic Growth) and fair, collaborative team management (Decent Work).

Criteria	Description	Lvl	Marks	Level 5 (High)	Level 4	Level 3	Level 2	Level 1	Level 0
Sustainability (SC8)	Deep integration of SC8 normative sustainability across BMC, SWOT, marketing & finance. 5→5 · 4→4 · 3→3 · 2→2 · 1→1 · 0→0	A3	**5M (3.75%)**	Deep, holistic integration of sustainability across BMC, SWOT & finance.	Sustainability consistently applied across most operational areas.	Reasonable integration in select areas but lacks depth.	Superficial mention of sustainability (e.g., buzzwords only).	Minimal or vague references to environmental/social impacts.	*No submission.*
Delivery & Confidence	Oral fluency, persuasive delivery, articulation & time control. 5→5 · 4→4 · 3→3 · 2→2 · 1→1 · 0→0	A3	**5M (3.75%)**	Highly confident, fluent, persuasive, and impeccably articulate.	Confident, clear delivery with strong preparation.	Moderate confidence with fairly clear speech.	Low confidence; hesitant or unclear delivery.	Unprepared; poor oral delivery.	*No submission.*
Visual Slide Design	Aesthetic layout, data visualization & slide structure. 5→5 · 4→4 · 3→3 · 2→2 · 1→1 · 0→0	A3	**5M (3.75%)**	Outstanding, visually appealing slides that emphasize key data.	Creative, well-organized slides supporting content.	Adequate visual slides with moderate organization.	Cluttered or weak visual aids.	Irrelevant or visually poor slides.	*No submission.*
Team Collaboration	Equitable presentation balance, peer coordination & defense. 5→5 · 4→4 · 3→3 · 2→2 · 1→1 · 0→0	A4	**5M (3.75%)**	Seamless team coordination, equal delivery balance, active support.	Good team cooperation and balanced participation.	Adequate team coordination evident.	Disjointed presentation; unbalanced team effort.	Total lack of teamwork or coordination.	*No submission.*

6. LEED 26 competition: the nine awards (added)

LEED 26 (9 and 10 December 2026, FSKTM Parking Lot) runs a competition alongside the course marks. The jury uses the same Component B, C and D rubrics, so each team is judged once: the level a judge picks gives both the competition marks and the course mark. Prizes are announced at the closing ceremony.

#	Award	Places	Judged on	Decided by	Competition marks	Rubric
1	**Outstanding Stall**	3	Product, Price, Place, Promotion, Customer Service	Jury + visitors	50 (25 jury + 25 visitors)	B
2	**Clean and Charming Stall**	3	Place	Jury + visitors	10 (5 + 5)	B
3	**Brilliant Stall Promotions**	3	Promotion	Jury + visitors	10 (5 + 5)	B
4	**Hottest Product**	3	Product and Price	Jury + visitors	20 (10 + 10)	B
5	**Superb Customer Service**	3	Customer Service	Jury + visitors	10 (5 + 5)	B
6	**Impressive Video Marketing**	3	All 5 Component D criteria	Jury only	25	D
7	**Best Business Pitch with Innovation Element**	3	All 3 Component C criteria	Jury only	15	C
8	**Most Popular & Viral Video Marketing**	1	Likes + shares on social media	Committee enters counts	Highest total	—
9	**People Choice Award**	1	“I like it” taps from visitors	Visitors	Most likes	—

How one stall score sheet serves the course and the competition

Element	Component B (course)	LEED 26 stall sheet (competition)	Course mark from the judge’s level
Product	4	5	Level × 4 ÷ 5
Price	5	5	Level × 5 ÷ 5
Place	4	5	Level × 4 ÷ 5
Promotion	5	5	Level × 5 ÷ 5
Customer Service	4	5	Level × 4 ÷ 5
SSM Registration	3	Not judged at the stall	Lecturer, from the report
Total	**25**	**25 jury**	

Stall element awards
Jury part = the judges’ average for that element. Visitor part = visitors’ average stars ÷ 5 × the same marks. Award = jury + visitors.

Several judges, ties
A stall’s result is the average of its judges. Equal totals share the same place.

Video and pitch awards
Jury only, on the Component D (25) and C (15) sheets. The same marks feed the course mark directly.

Most Popular & Viral Video
The committee enters each group’s likes and shares at an agreed cut-off time (screenshot as proof). Likes + shares, highest wins.

People Choice
Visitors sign in with UTHM and tap “I like it” or “Not for me” once per stall; they can change their mind. Most likes wins.

What visitors rate (1 to 5 stars), and clusters

Element	Question shown to visitors
Product	How good is what they sell?
Price	Is the price fair for what you get?
Place	Is the stall clean and inviting?
Promotion	How well do they promote and draw you in?
Customer Service	How friendly and helpful were they?

LEED 26 cluster (F4)	Main product types in the registration form
1. Food & Beverages (Malaysian & International)	Main meals · Light food · Desserts · Drinks
2. Fashion & Accessories	Clothing (clothes, tudung, accessories)
3. Local Products & Creative Business	Flowers · Other
4. Student Talent & Innovation	Gaming · Other

7. Appendices (fixed)

Appendix A: Final Report Structure (Component A)

1. Cover Page (Course Code/Name, Business Title, Group Number, Student List & Roles, Lecturer Name)
2. Executive Summary (independent 1-page synthesis)
3. Introduction & Market Problem Statement
4. Business Model Canvas (MIRO diagram & 9 narrative blocks)
5. SWOT Analysis Matrix (min. 3 points per quadrant)
6. Marketing & Financial Execution Plan (pricing, cost breakdown, balance sheet)
7. Sustainability (SC8) & Technology Integration Strategy
8. Conclusion, Operational Challenges & Reflection
9. References (APA 7th) & Appendices (SSM certificate, photos, marketing links, LEED 26 sales logs)

Appendix B: Title Approval & Document Checklist Form

Project Title: _____

No.	Student Name	Matric ID	Role / Designation	Leader (/)
1			CEO / Group Leader	
2			Marketing Manager	
3			Operational Lead	
4			Financial Controller	
5			Technical / Media Lead	
6			Member	
7			Member	
8			Member	

Rows 6 to 8 added (F10). *Checklist, approval status, comments, signature, date and stamp as in the paper.*

Appendix C: Confidential Peer Evaluation Form

Rating scale: 5 Superior · 4 Above Average · 3 Average · 2 Below Average · 1 Weak

Evaluator Name: _____ Student ID: _____ Group No: _____
