# LEED 26: Sign-in

Everyone signs in with UTHM SSO; the app sends each role to its own page.

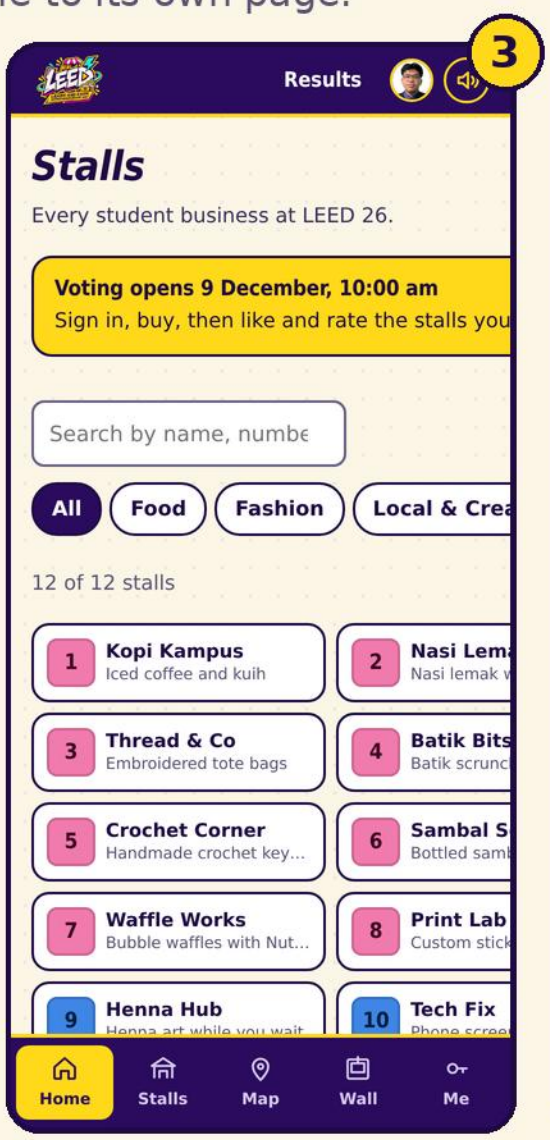

**Tap Sign in with UTHM SSO**

One button for every role.

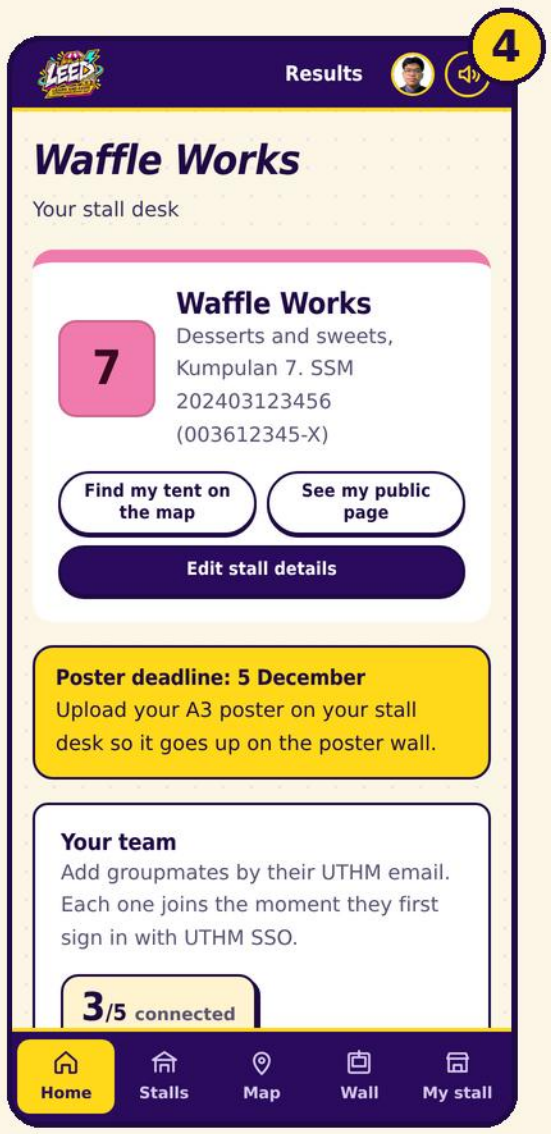

**Wrong email? Pop-up**

Non-UTHM accounts are turned away and asked to retry.

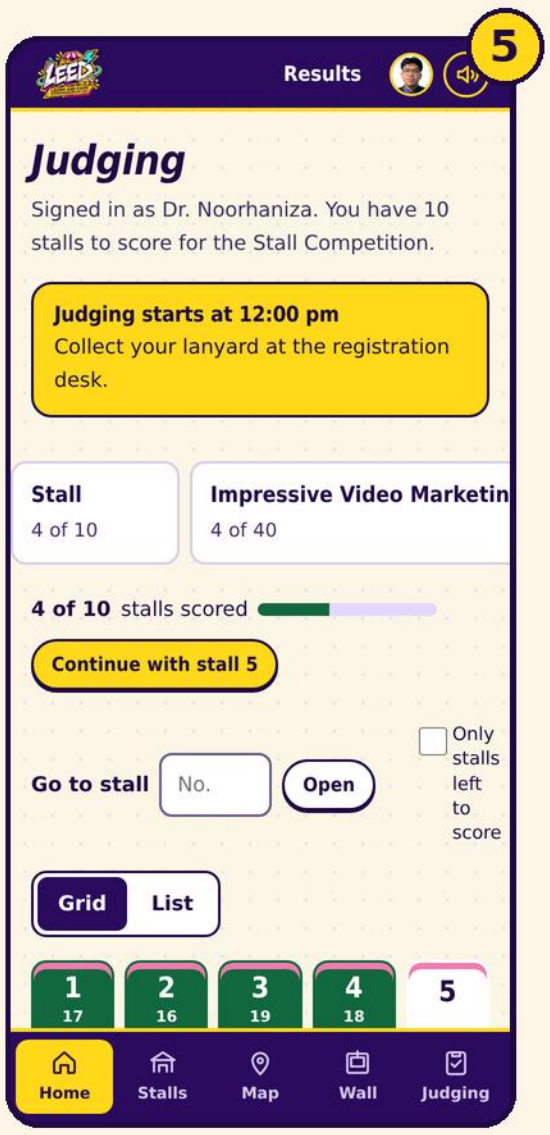

**Customer lands on Stalls**

Any UTHM student or staff.

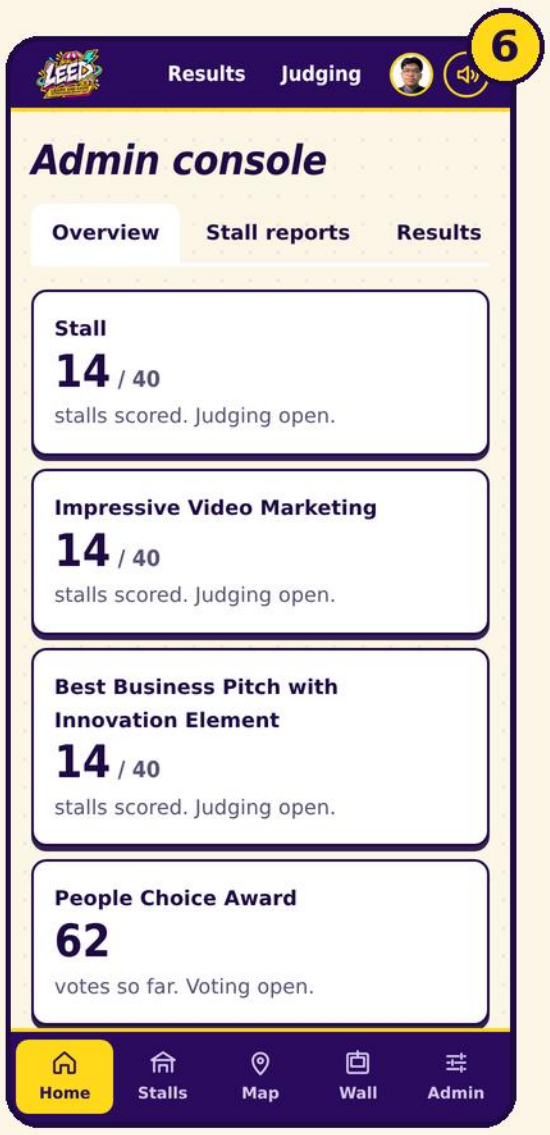

**Seller lands on their stall desk**

Anyone on a stall team.

**Jury lands on score sheets**

Only their allocated stalls.

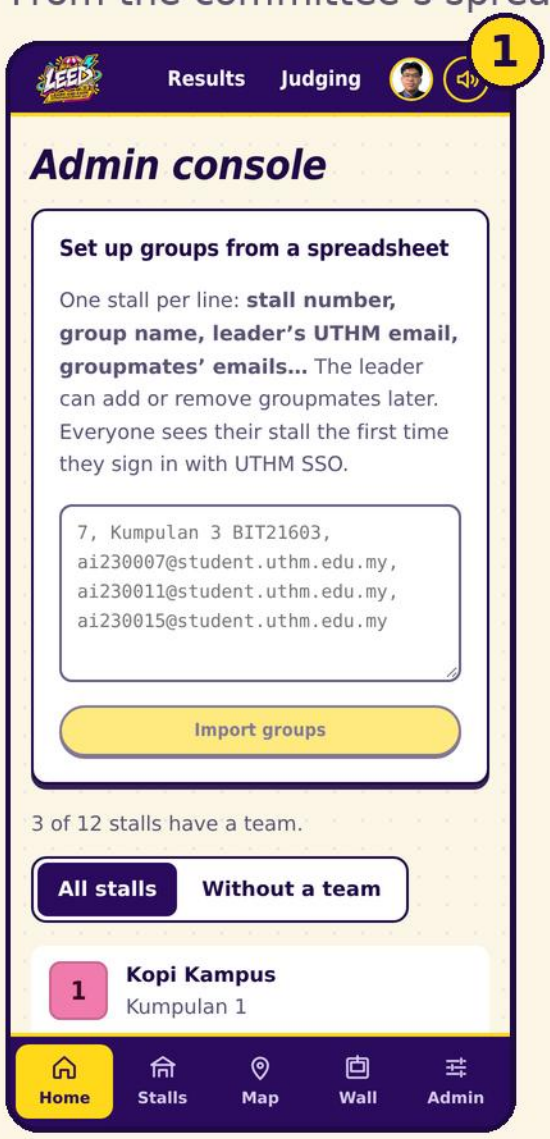

**Committee lands on the console**

Overview, reports, users, log.

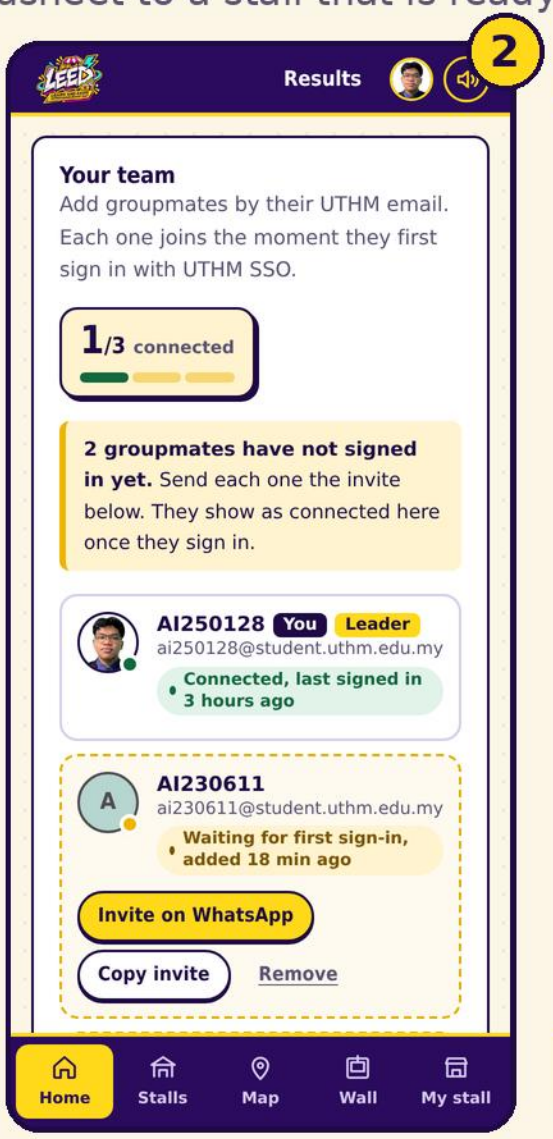

# LEED 26: Group registration

From the committee's spreadsheet to a stall that is ready for judging.

## Committee imports groups

Stall, group, leader, members.

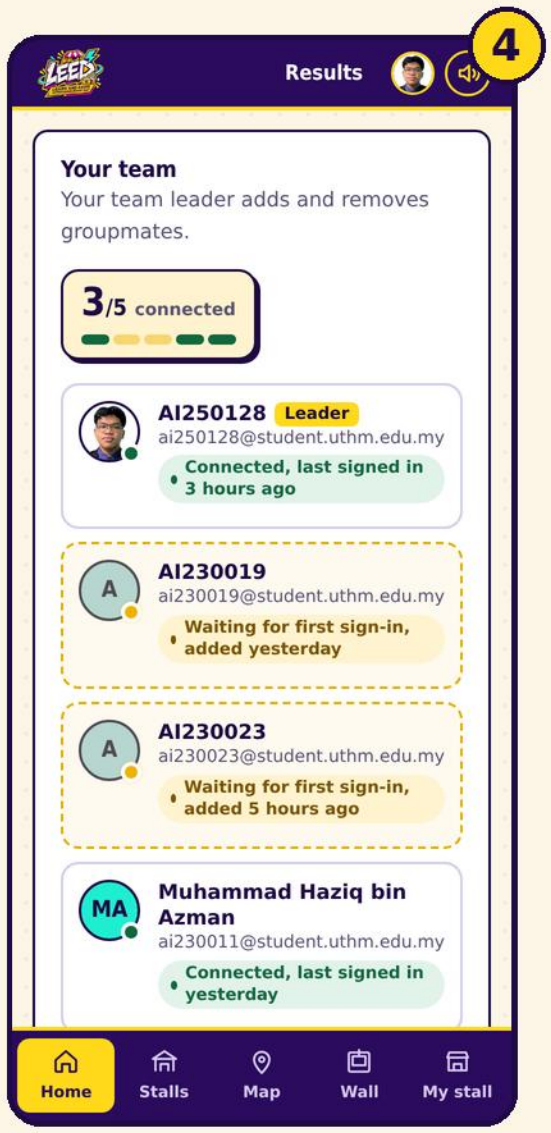

## Leader signs in

Sees the team and who is still waiting.

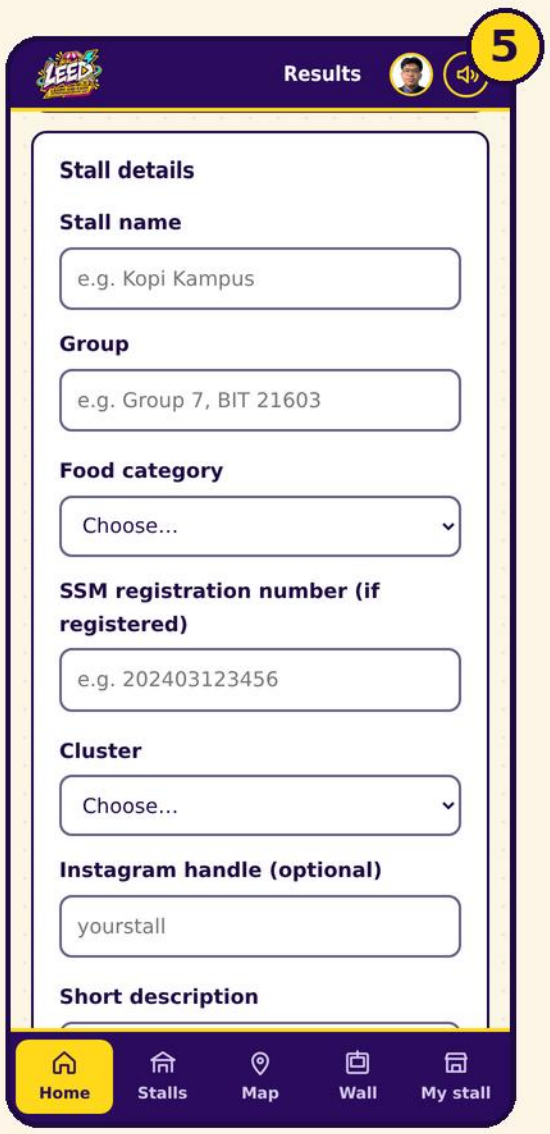

## Leader invites groupmates

Invite on WhatsApp or copy the message.

## Groupmates sign in

Waiting turns to connected.

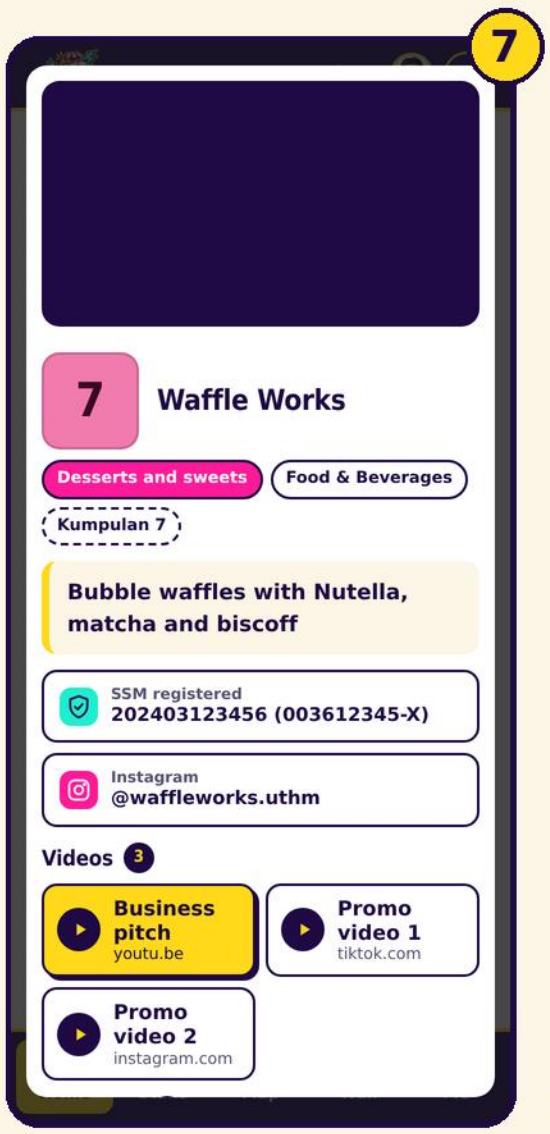

## Team fills in the stall

Name, group, category, SSM, description.

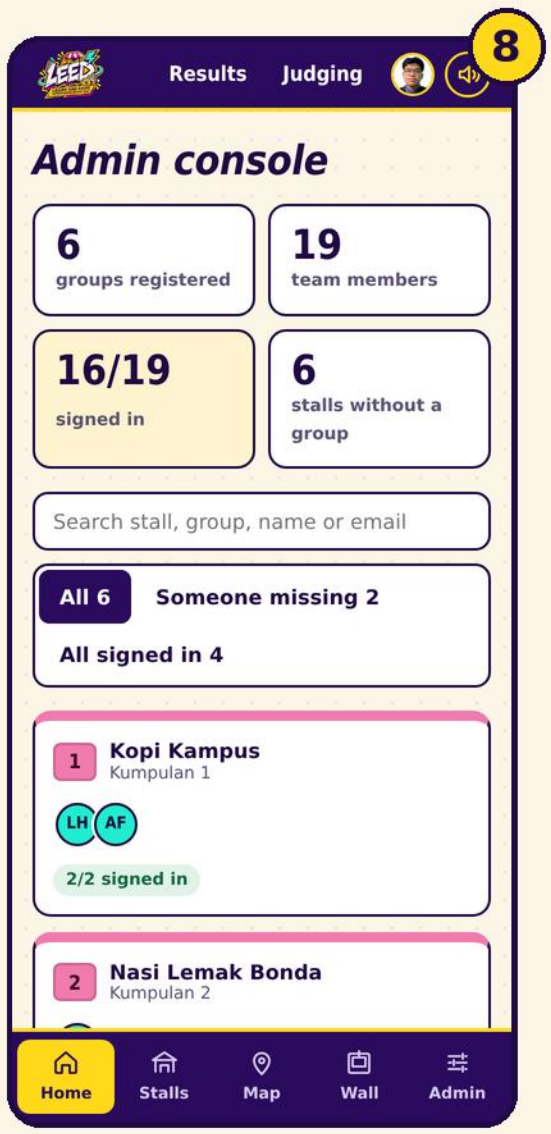

## Team uploads the poster

Shrunk on the phone, under 3 MB.

## Poster goes on the wall

Tap it for videos, details and team.

## Committee checks every group

Who has signed in, who is missing.

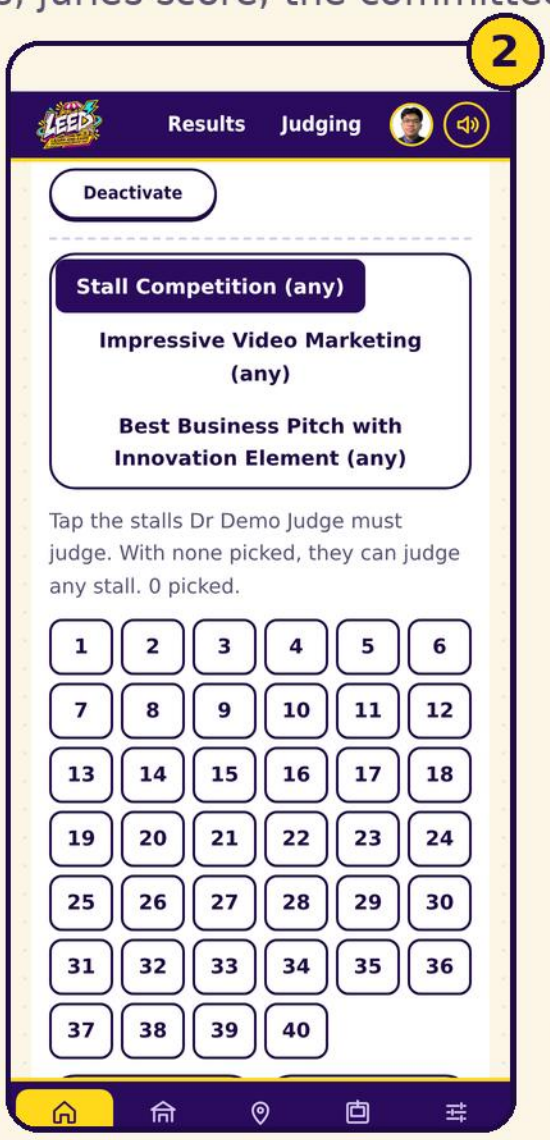

# LEED 26: Judging

The committee sets up juries; juries score; the committee follows and publishes.

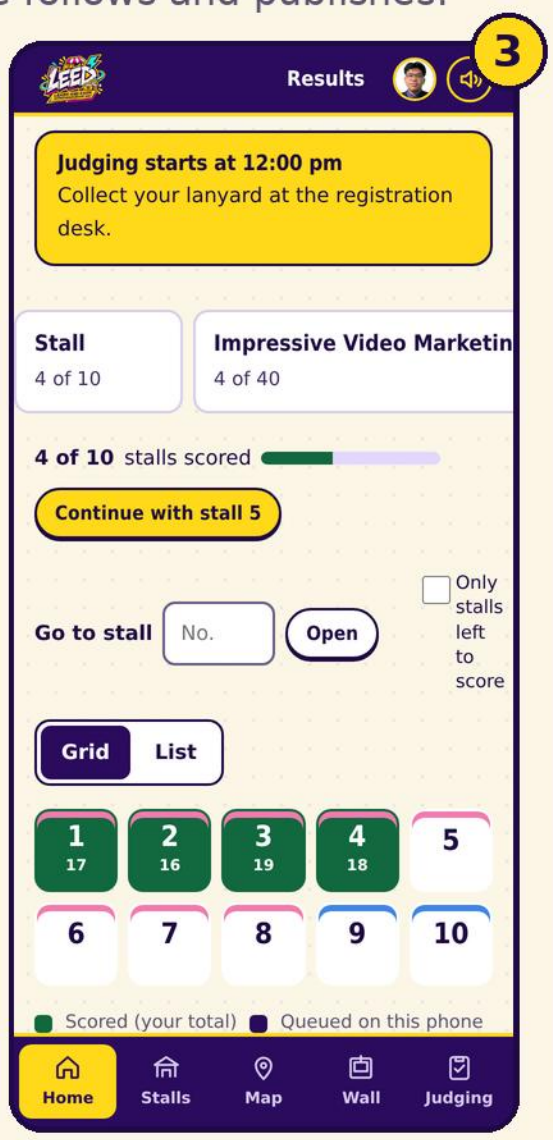

**Committee makes someone a jury**

Checks shown before the role changes.

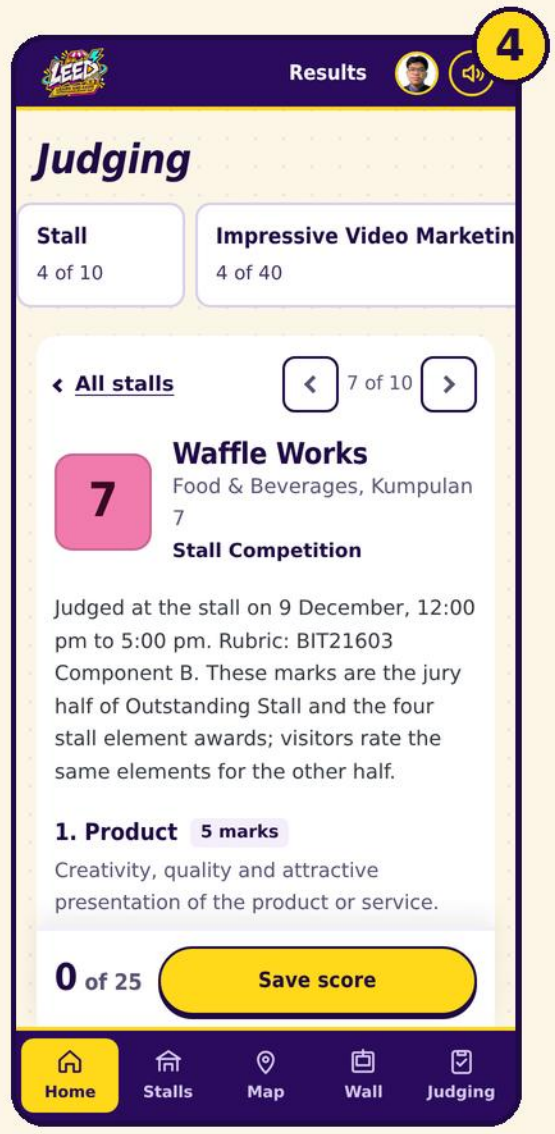

**Committee allocates stalls**

Per award, by hand or automatically.

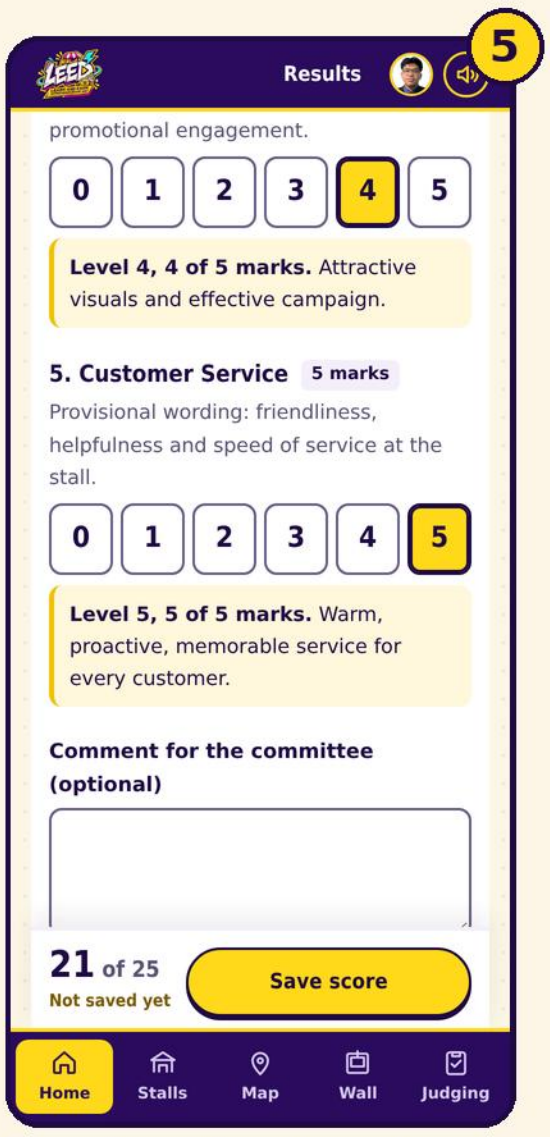

**Jury sees their stalls**

Progress and the next stall to score.

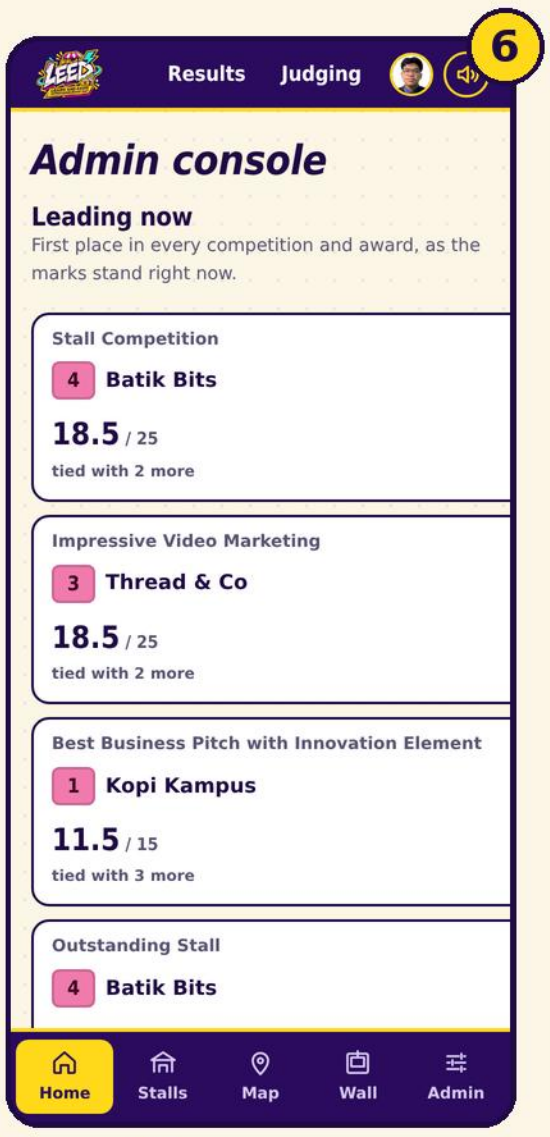

**Jury opens a stall**

Stall details and the rubric.

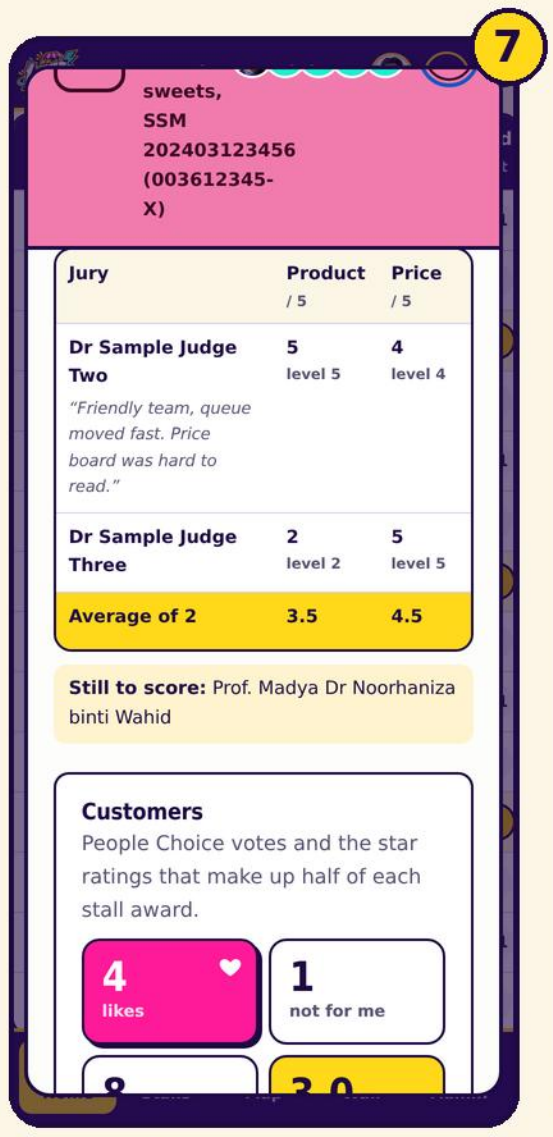

**Jury taps levels and saves**

Kept on the phone if the signal drops.

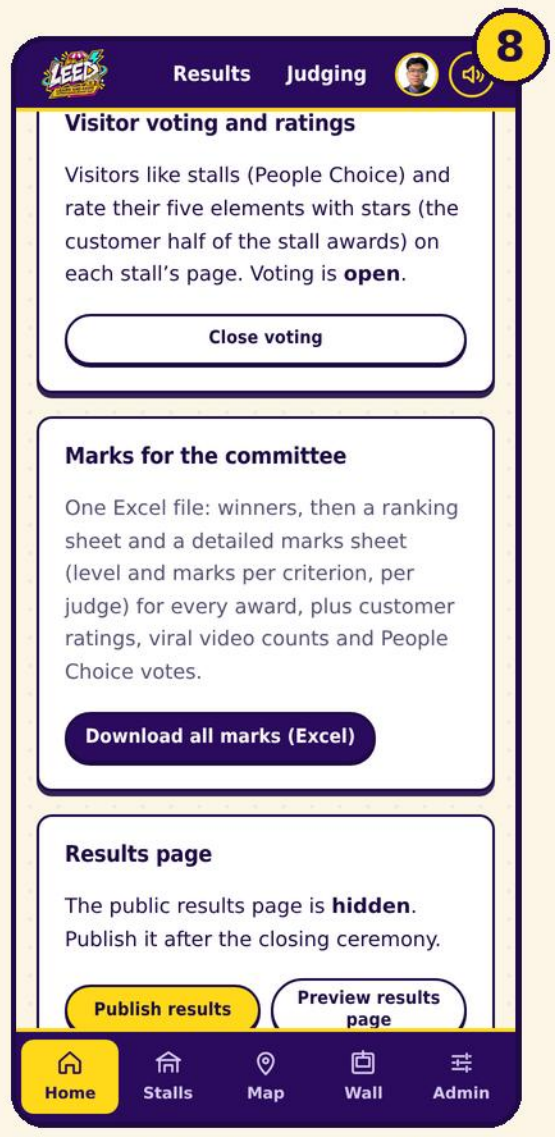

**Committee sees every ranking**

Leading now, and every stall in a table.

**Committee opens a stall report**

Every jury sheet, who is still to score.

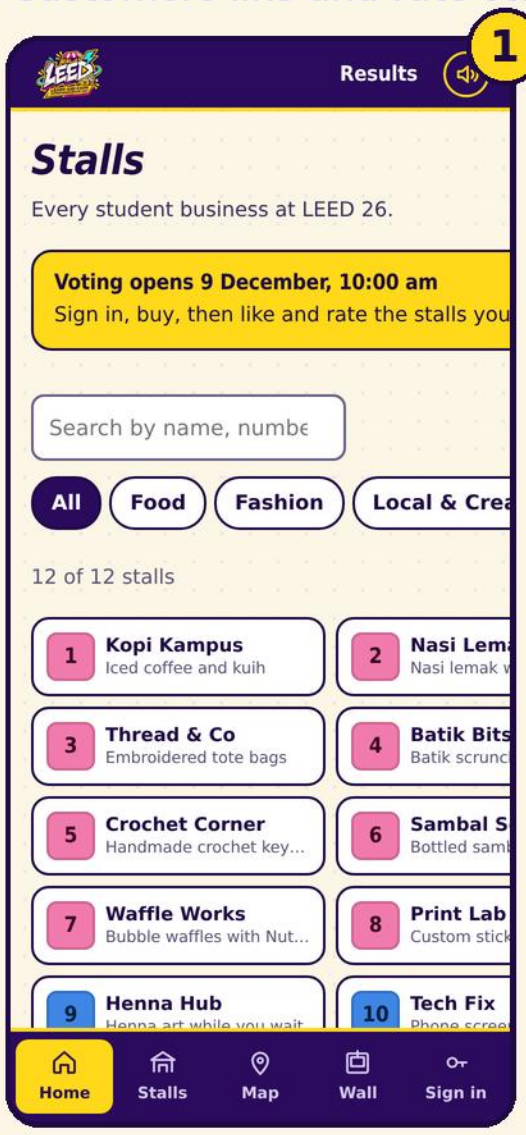

**Close judging, publish results**

Top 3 of each award on Results.

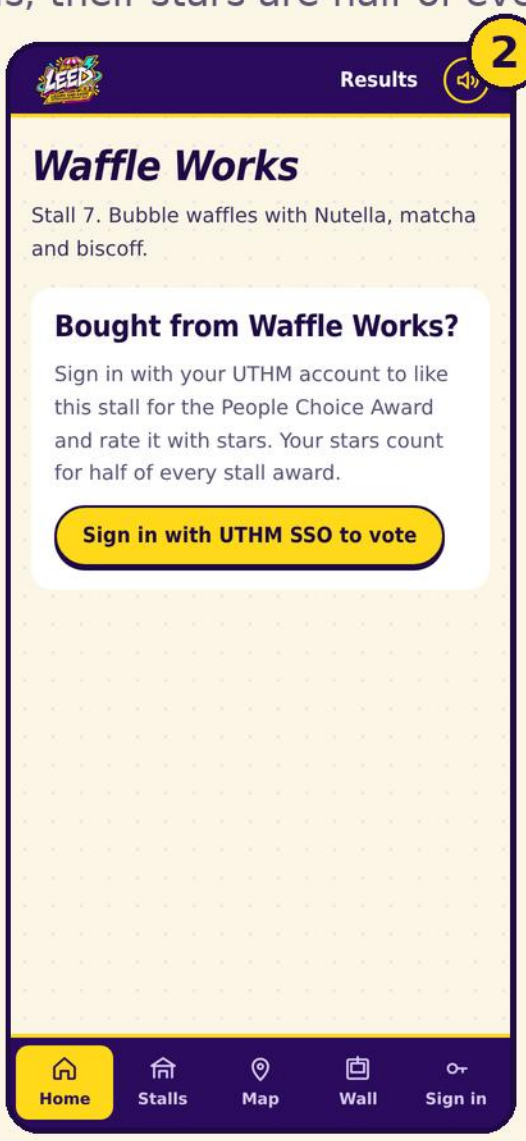

# LEED 26: Customer voting

Customers like and rate stalls; their stars are half of every stall award.

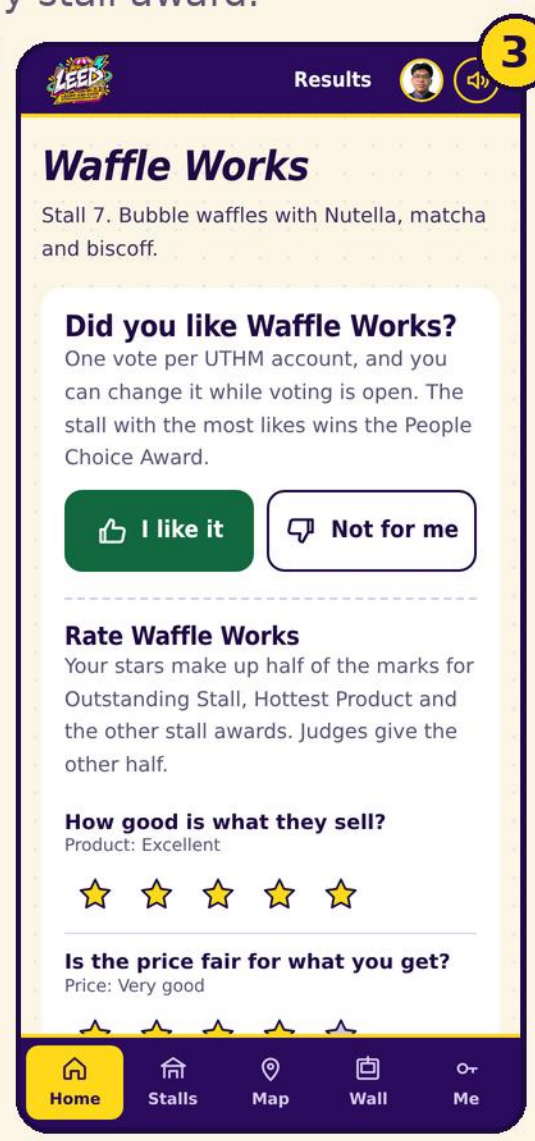

**Customer finds a stall**

List, map or poster wall.

**Signed out? Sign-in prompt**

One vote per UTHM account.

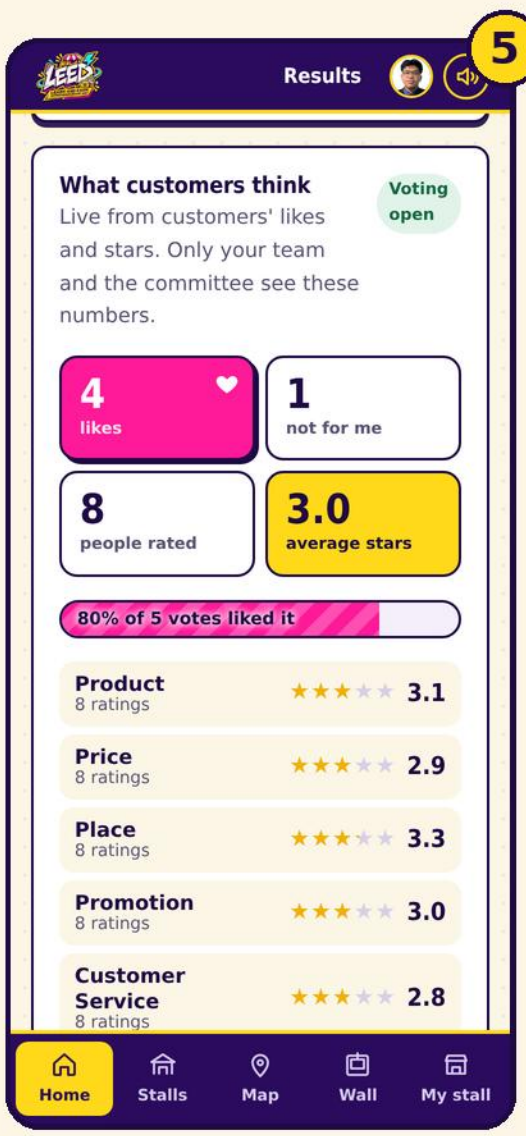

**Taps I like it**

Can change it while voting is open.

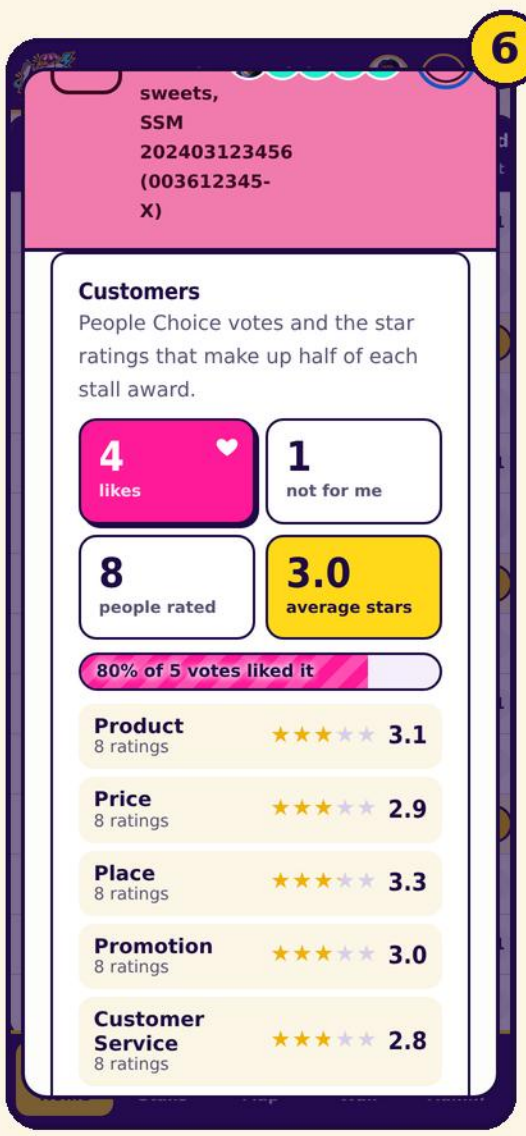

**Rates the five elements**

Product, Price, Place, Promotion, Service.

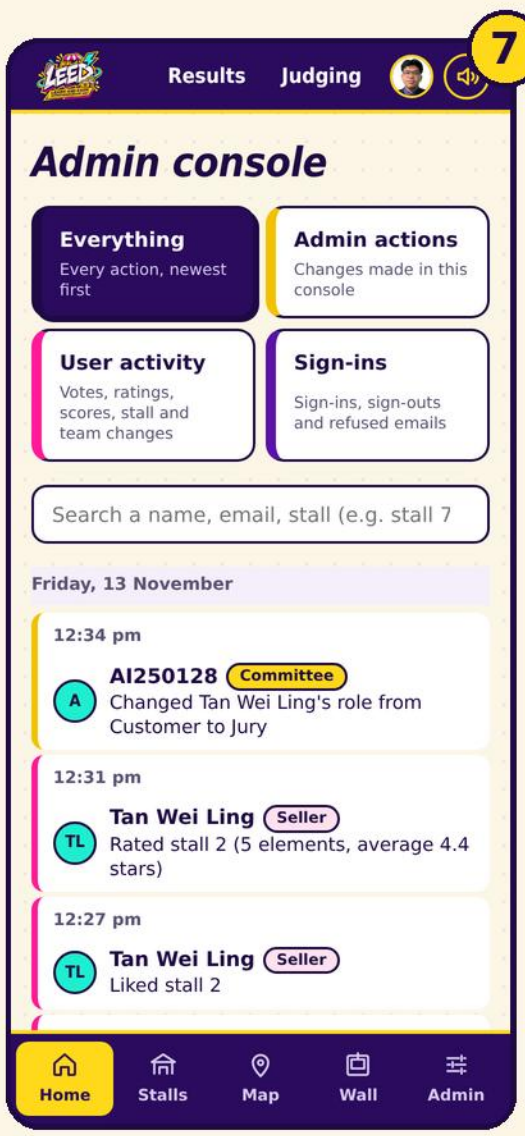

**Sellers watch their own votes**

Likes and stars, never their rank.

**Committee sees every stall**

Votes and star spread per element.

**Everything is in the activity log**

Who did what, and when.
