1. EXECUTIVE OVERVIEW & PEDAGOGICAL RATIONALE*

The Final Group Project Assessment for Cyber Entrepreneurship provides an experiential learning platform where student teams establish, operationalize, and scale a live digital venture. Operating over an active 6-week selling window (Weeks 6 to 13), student groups apply theoretical frameworks (including business model canvas design, risk evaluation, digital marketing channels, statutory business registration, and financial planning) within a real-world commercial ecosystem.

A central highlight of this assessment is the integration of the **Learn and Earn Entrepreneurship Day 2026 (LEED 26)**, organized by FSKTM on **9 & 10 December 2026 at the FSKTM Parking Lot**. This flagship event serves as the physical showcase and selling platform where student ventures engage directly with the campus community, executing omni-channel strategies alongside ongoing social media operations.

To cultivate financial responsibility and reflect authentic commercial dynamics, the faculty does not allocate seed funding or capital. Each group must independently plan, pool, and manage their initial working capital based on their selected product portfolio and marketing strategy.

2. GENERAL PROJECT IMPLEMENTATION PROTOCOLS

2.1 Team Formation & Organizational Governance*

- **Group Composition:** Each group must comprise 7 to 8 members from the designated Undergraduate Programs (BIS / BIM / BIW / BIP / BIT).
- **Leadership & Governance:** Groups must formally appoint a Group Leader (Chief Executive Officer) to coordinate projects, assign tasks, log activities, and provide operational oversight.
- **Capital Allocation:** Members must negotiate and document capital contributions to cover product inventory procurement, booth/tent rentals at FSKTM Parking Lot for LEED 26, social media marketing campaigns, and branding collateral (banners/buntings).
- **Product Cluster Selection (LEED 26 Alignment):** Ventures must align their product/service offerings under one of the 4 official LEED 26 clusters: 1) Variety of Food

& Beverages (Malaysian & International), 2) Fashion & Clothing (Products & Accessories), 3) Local Products & Creative Business, or 4) Student Talent & Services.

- **Peer Accountability:** Participation across all operational tasks is mandatory. Unexcused non-participation results in a score of ZERO (0) for practical implementation components based on the leader's activity log and peer evaluation forms.

2.2 Statutory Business Registration (SSM SPPP Initiative)

In accordance with national entrepreneurial initiatives, every project team must formalize their commercial identity under the **Suruhanjaya Syarikat Malaysia (SSM) Skim Pendaftaran Perniagaan Prihatin (SPPP)**:

- **Registration Structure:** Each group must register as a Sole Proprietorship (Pemilikan Tunggal) via ezbiz.ssm.com.my or at an SSM branch office, with the Group Leader or a designated team member listed as the registered owner.
- **Fee Exemption:** Registration under the SPPP scheme is fully subsidized (free of charge) for eligible full-time tertiary students and B40 individuals, valid for a 2-year business operating period.
- **Brand Alignment:** The registered business name must reflect the team's core identity as an IT enterprise, even if the SSM registration includes secondary activities such as e-commerce or food sales.
- **Mandatory Documentation:** Teams must download and print the official SSM Business Information (Maklumat Perniagaan) certificate and attach it as an appendix to the Final Project Report.
- **SDG 8 Integration:** This requirement directly aligns with **SDG Target 8.3**, which explicitly encourages the **formalization and growth of micro-, small-, and medium-sized enterprises (MSMEs)**, job creation, and entrepreneurship. Formally establishing student startups provides practical exposure to official business governance.

3. ASSESSMENT ARCHITECTURE & WEIGHTAGE BREAKDOWN

The assessment evaluates student achievement across Cognitive (CLO1), Psychomotor (CLO2), and Affective (CLO3) learning domains totalling 100 Marks (50% Overall Course Weightage):

Component	Assessment Task	Domain & Taxonomy	Total Marks	Course Weightage	Submission Window
Component A	Written Final Project Report	CLO1 (Cognitive - C3)	15 Marks	10%	Week 13 / 14
Component B	Practical Business Implementation (Online + LEED 26 Booth Sales)	CLO2 (Psychomotor - P3/P4/P5)	25 Marks	10%	Ongoing (W6–W13)
Component C	Business Pitch Video (2-3 mins) – upload in YouTube	CLO2 (Psychomotor - P3/P4)	15 Marks	5%	Before Week 8
Component D	Promotional Video Marketing (<1 mins) – upload to student	CLO2 (Psychomotor - P3/P4/P5)	25 Marks	10%	Before Week 8

	social media (TikTok, Instagram, etc.)				
Component E	Presentation & Sustainability Defence	CLO3 (Affective - A3/A4)	20 Marks	15%	Week 13 / 14

4. DETAILED COMPONENT SPECIFICATIONS

4.1 Component A: Written Final Project Report (CLO1 - C3 | 15 Marks / 10% Weightage)

All groups must submit an 8- to 12-page comprehensive business report (excluding appendices) adhering to 1.5-line spacing, 11/12pt font size (Times New Roman, Arial or Calibri), and standard academic formatting:

1. **Cover Page:** Course code/title, business name, group number, member names/IDs/roles, programme, lecturer name, and date.
2. **Executive Summary:** Concise synthesis of the venture purpose, value proposition, target market, financial projections, and strategic outcomes.
3. **Introduction & Rationale:** Problem statement, market opportunity identification, vision, mission, and corporate objectives.
4. **Business Model Canvas (BMC):** In-depth narrative and visual diagram mapping across all 9 building blocks using digital collaboration tools (e.g., MIRO).
5. **SWOT Analysis:** 4-quadrant environmental audit containing at least 3 distinct factors per quadrant.
6. **Marketing & Financial Strategy:** Marketing mix execution, competitive pricing strategy, initial capital breakdown, cost structure (fixed vs. variable), revenue projections, breakeven analysis, and balance sheet performance.*
7. **Sustainability (SC8) & Technological Integration:** Demonstration of Triple Bottom Line principles (economic, social, environmental) alongside digital tools (e-payments, QR menus, automated ordering systems).
8. **Conclusion & Reflective Analysis:** Critical evaluation of venture performance, operational challenges, LEED 26 selling experience, teamwork dynamics, and future growth potential.
9. **References & Appendices:** APA 7th edition referencing, SSM registration certificate, product/booth photography, LEED 26 sales logs, and marketing evidence.

4.2 Component B: Practical Business Implementation (CLO2 - P3/P4/P5 | 25 Marks / 10% Weightage)

Evaluates live operational performance throughout the 6-week selling period across social media channels and during the physical **LEED 26 Entrepreneurship Day (9 & 10 December 2026)**:

- **Product/Service Quality (4 Marks / 1.6%):** Creativity, presentation, packaging appeal, and quality of offerings aligned with the chosen LEED 26 cluster.
- **Pricing Strategy (5 Marks / 2.0%):** Competitive pricing models grounded in benchmark analyses against ≥ 2 competitors.

- **Market Positioning & Placement (4 Marks / 1.6%):** Strategic alignment between target audience demographics, digital platforms, and physical booth placement at FSKTM Parking Lot.
- **Promotional Execution (5 Marks / 2.0%):** Visual appeal, campaign reach, promotional engagement, banner/bunting aesthetics, and booth marketing during LEED 26.
- **Customer Service & Crisis Management (4 Marks / 1.6%):** Professional handling of customer inquiries, complaint resolution, and brand protection under live selling pressure.
- **SSM Statutory Compliance (3 Marks / 1.2%):** Verification of complete business registration under the SPPP scheme.

4.3 Component C: Business Pitch Video (CLO2 - P3/P4 | 15 Marks / 5% Weightage)

- **Specifications:** Maximum 2 to 3 minutes video uploaded to the group's YouTube channel before Week 8.
- **Core Requirements:** The pitch must showcase the venture's Business Model Canvas, unique value proposition, technological innovation, financial viability, and explicit alignment with **SDG 8**.
- **Identification:** The video must explicitly display the assigned Group Number and Course Code.

4.4 Component D: Promotional Video Marketing Campaign (CLO2 - P3/P4/P5 | 25 Marks / 10% Weightage)

- **Specifications:** Up to THREE (3) short promotional videos (maximum 1 minute per video) deployed on social media (TikTok, Instagram, etc.) before Week 8.
- **LEED 26 Promotion:** At least one video must promote the group's participation and booth location at LEED 26 Entrepreneurship Day.
- **Compliance Rules:** Organic engagement must be cultivated; purchasing artificial likes, views, or automated engagement services is strictly prohibited.
- **Assessment Focus:** Evaluated on engagement effectiveness, clarity of core selling points, visual branding, audio balance, and editing quality.

4.5 Component E: Project Presentation & Sustainability Defence (CLO3 - A3/A4 | 20 Marks / 15% Weightage)

- **Specifications:** 20-minute oral slide presentation delivered in Week 13 or Week 14.
- **Core Assessment Dimensions:** Deep integration of sustainability (**SC8 competency**) across the venture's business model, professional presentation confidence, creative slide aesthetics, and group collaboration verified via peer evaluations.
- **SDG 8 Integration:** Student teams can explicitly defend how their business model ensures long-term financial performance (Economic Growth) and maintains fair, collaborative team management (Decent Work).

5. COMPREHENSIVE EVALUATION RUBRICS MATRIX

5.1 Component A: Project Report Rubric (15 Marks / 10%)

Evaluation Criteria	Description	Lvl	Marks	Excellent (5)	Good (4)	Satisfactory (2 & 3)	Needs Improvement (0 & 1)
Content & Organization	Evaluates inclusion of all required report template sections, structural completeness, executive summary, and logical narrative flow.	C3	5M (3%)	Includes all template sections with exceptional depth & logical flow.	Complete template structure with minor narrative gaps.	Basic inclusion of sections; lacks cohesive structure.	Incomplete report; major core sections missing.
Clarity & Critical Analysis	Measures analytical depth, critical evaluation of venture performance, data-backed reasoning, problem statement, and strategic synthesis.	C3	4M (3%)	Demonstrates rigorous critical thinking & data-backed reasoning.	Solid analysis backed by evidence; minor analytical gaps.	Descriptive narrative with limited critical evaluation.	Surface-level descriptions; lacks logical justification.
Financial Report & Analysis	Assesses accuracy and logic of cost breakdowns, pricing models, revenue forecasts, breakeven analysis, and balance sheet calculations.	C3	4M (3%)	Comprehensive cost breakdown, pricing logic & accurate breakeven.	Well-structured financial calculations with realistic assumptions.	Basic financial figures present; minor calculation flaws.	Unrealistic financial assumptions or missing calculations.
Presentation & Citation	Evaluates document formatting, visual aids, grammatical accuracy, professional tone, and APA 7th edition referencing.	C2	2M (1%)	Impeccable formatting, polished visual aids & flawless APA 7th.	Professional layout with minor formatting/citation errors.	Adequate layout; inconsistent citation formatting.	Poor formatting, frequent grammar errors or missing citations.

5.2 Component B: Practical Implementation Rubric (25 Marks / 10%)

Criteria	Description	Lvl	Marks	Level 5 (High)	Level 4	Level 3	Level 2	Level 1	Level 0
Product / Service	Creativity, quality & attractive presentation.	P4	4M (1.6%)	Highly creative, superior quality, attractive.	Creative, good quality, neat presentation.	Adequate quality & presentation.	Poor quality, weak presentation.	Very poor quality, messy.	No impl.
Price Strategy	Competitive pricing grounded in >=2 competitor benchmarks.	P3	5M (2.0%)	Highly competitive, affordable, >=2 competitors.	Competitive, 1-2 competitor comparisons.	Reasonable, minimal competitor reference.	Overpriced or no competitors.	Inappropriate pricing model.	No impl.
Place (Targeting)	Strategic alignment between target market & channels.	P4	4M (1.6%)	Deep data-backed audience insight; channel aligned.	Clear target audience; strong channel rationale.	Target audience identified; standard choice.	Vague audience; mismatched platform.	Incorrect/missing audience definition.	No impl.
Promotion	Visual appeal, campaign reach & promotional engagement.	P5	5M (2.0%)	Attractive visuals, high reach & engagement.	Attractive visuals and effective campaign.	Acceptable visuals; predictable campaign.	Weak visuals; ineffective campaign.	Poor visuals; no promotional effort.	No impl.
Customer Service	Professional inquiry handling & crisis management.	P4	4M (1.6%)	Flawless crisis handling; protects brand.	Strong, confident interaction with minor flaws.	Manages issues adequately; prevents escalation.	Struggles under pressure; reacts poorly.	Escalates dissatisfaction; brand liability.	Panics/abandons.

SSM Registration	Statutory business registration under SPPP scheme.	P4	3M (1.2%)	Fully complete, accurate SPPP certificate.	Complete documentation with minor errors.	Most required registration docs complete.	Key SSM docs missing.	Incomplete / invalid docs.	No SSM docs.

5.3 Component C: Business Pitch Video Rubric (15 Marks / 5%)

Evaluated across three core dimensions incorporating **UN SDG 8 (Decent Work & Economic Growth) alignment**:

Criteria	Description	Lvl	Marks	Level 5 (High)	Level 4	Level 3	Level 2	Level 1	Level 0
Concept & Innovation	Uniqueness of value proposition, technological integration, and original product/service solution.	P4	5M (2.0%)	Highly unique, trend-aligned, strong tech integration.	Creative, trend-aligned with good technology application.	Adequate concept with basic tech link.	Weak concept; minimal tech integration.	Poor concept; no technological link.	No submission.
Presentation & Demonstration	Engaging pitch narrative, crisp visual quality, clear product demonstration & professional editing.	P4	5M (2.0%)	Highly engaging narrative, crisp visuals, effective demo.	Engaging narrative with clear visuals and product demo.	Adequate visual presentation and basic demo.	Weak visuals; unclear product demo.	Poor visual quality; no product demo.	No submission.
Feasibility & SDG 8 Alignment	Realism of business model, market opportunity, financial viability & **explicit UN SDG 8 alignment (Decent Work & Economic Growth)**.	P3	5M (1.0%)	Robust model; exceptional SDG 8 integration (decent work & economic growth).	Realistic model with clear SDG 8 relevance & market demand.	Adequate model with basic SDG 8 & market understanding.	Weak model; vague market & superficial SDG 8 link.	Unrealistic model; no market demand or SDG 8 alignment.	No submission.

SDG 8: Assesses business model realism, market demand traction, financial viability, and explicit integration of SDG 8 principles (promoting decent work, ethical business operations, and sustainable economic value creation).

5.4 Component D: Promotional Video Marketing Rubric (25 Marks / 10%)

Criteria	Description	Lvl	Marks	Level 5 (High)	Level 4	Level 3	Level 2	Level 1	Level 0
Promotional Engagement	Creativity & capacity to motivate consumer action.	P4	5M (2.0%)	Highly engaging, creative, strongly drives viewer action.	Engaging content that motivates viewer action.	Moderate engagement; achieves basic objective.	Low engagement; weak call to action.	Ineffective; fails engagement purpose.	No sub.
Core Value Points	Clear communication of core selling points (>=3 USPs).	P4	5M (2.0%)	Exceptional clarity; highlights >=3 unique selling propositions.	Clear message highlighting 2 core selling propositions.	Fair clarity highlighting 1 core selling proposition.	Unclear message; minimal value highlights.	Complete lack of message clarity or selling points.	No sub.
Visual Impact & Branding	Visual aesthetics, graphic quality & brand alignment.	P5	5M (2.0%)	Superior brand visuals, graphics, and aesthetic appeal.	High-quality visuals that support brand presentation.	Minimal visual graphics; partial brand support.	Weak, distracting, or unpolished visuals.	Absence of visual branding elements.	No sub.

Audio Quality & Balance	Clarity, volume balance & soundtrack coordination.	P3	5M (2.0%)	Crystal clear audio, balanced mix, complements video.	Clear, well-balanced audio tracking.	Adequate audio with minor volume imbalance.	Poor audio coordination or background noise.	Unusable audio quality.	No sub.
Editing & Production	Camera stability, scene transitions & production polish.	P4	5M (2.0%)	Sharp, steady camera work with professional transitions.	Steady camera work with effective scene transitions.	Adequate camera focus with basic editing.	Unsteady footage; weak scene transitions.	Substandard editing and camera control.	No sub.

5.5 Component E: Presentation & Sustainability Defence Rubric (20 Marks / 15%)

Criteria	Description	Lvl	Marks	Level 5 (High)	Level 4	Level 3	Level 2	Level 1	Level 0
Sustainability (SC8)	Deep integration of SC8 normative sustainability across BMC, SWOT, marketing & finance.	A3	5M (4.0%)	Deep, holistic integration of sustainability across BMC, SWOT & finance.	Sustainability consistently applied across most operational areas.	Reasonable integration in select areas but lacks depth.	Superficial mention of sustainability (e.g., buzzwords only).	Minimal or vague references to environmental/social impacts.	No sub.
Delivery & Confidence	Oral fluency, persuasive delivery, articulation & time control.	A3	5M (4.0%)	Highly confident, fluent, persuasive, and impeccably articulate.	Confident, clear delivery with strong preparation.	Moderate confidence with fairly clear speech.	Low confidence; hesitant or unclear delivery.	Unprepared; poor oral delivery.	No sub.
Visual Slide Design	Aesthetic layout, data visualization & slide structure.	A3	5M (3.0%)	Outstanding, visually appealing slides that emphasize key data.	Creative, well-organized slides supporting content.	Adequate visual slides with moderate organization.	Cluttered or weak visual aids.	Irrelevant or visually poor slides.	No sub.
Team Collaboration	Equitable presentation balance, peer coordination & defense.	A4	5M (4.0%)	Seamless team coordination, equal delivery balance, active support.	Good team cooperation and balanced participation.	Adequate team coordination evident.	Disjointed presentation; unbalanced team effort.	Total lack of teamwork or coordination.	No sub.

* **Document Reference:** Executive Overview, Section 2.1, & Section 4.1 (Item 6). **Why it fits SDG 8:** Students must independently generate, pool, and manage working capital without institutional seed funding, establishing cost breakdowns, revenue projections, and breakeven analyses. **SDG 8 Integration:** Teaches real-world financial literacy, resource management, and fair, transparent capital contribution among team members.
