Developed by SELADEVS

Inside this manual

Everything your stall team needs on My stall: adding groupmates, stall details, the RM40 deposit and RM70 rental, your logo, poster and videos, and what judges and customers see on the day. Screens are from the phone version unless they say otherwise; the computer version has the same parts, laid out wider.

1 **Getting started**
Open leed.seladevs.my, sign in with UTHM, find your way around, notifications and your profile.

2 **Stall teams**
Your team, stall details, RM40 and RM70 payments, logo, poster, videos and judging day.

3 **Help and quick answers**
Common questions and what to do when something does not work.

Key dates

Before the carnival
Register, pay, set up
Stall teams fill in their stall details, pay RM40 and RM70, add videos, logo and poster.

Wednesday 9 December
Day one, 9:00 am to 5:00 pm
Stalls open. Juries score stalls from 12:00 pm to 5:00 pm. Visitors like and rate stalls.

Thursday 10 December
Day two, 8:00 am to 5:00 pm
Selling continues. Winners are announced at the closing ceremony and appear on the Results page.

1 Getting started

For everyone

One website for the whole carnival. It works in any phone or computer browser; there is nothing to install.

1	2	3	4
Open the site leed.seladevs.my	**Sign in with UTHM** Your UTHM Google account	**Your role is set** Visitor, stall team, jury or committee	**Use the tabs** Home, Stalls, Map, Wall and your own tab

1 Go to leed.seladevs.my.
Type it into any phone or computer browser. On a phone, choose “Add to Home screen” in your browser menu so it opens like an app.

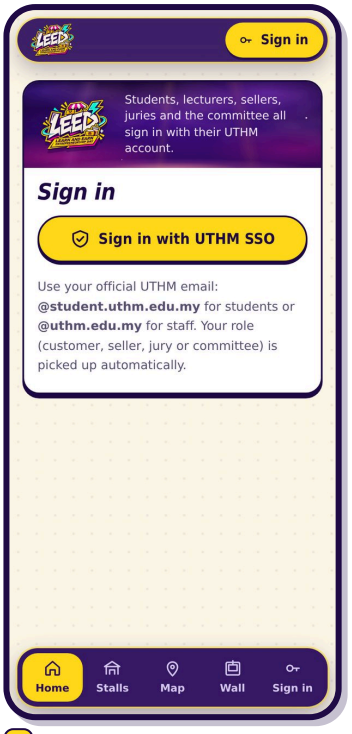

2 Tap Sign in, then “Sign in with UTHM SSO”.
Choose your UTHM Google account. Students use @student.uthm.edu.my; lecturers and staff use @uthm.edu.my. Personal Gmail accounts are refused.

3 Your role is picked up automatically.
Everyone starts as a visitor. If your UTHM email is on a stall team you get **My stall**; if the committee added you as a jury you get **Judging**; committee members get **Admin**.

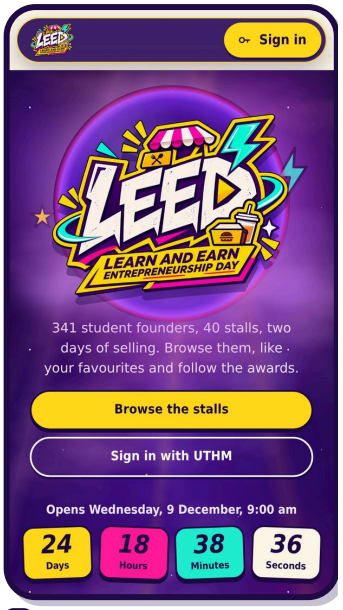

4 You only need to sign in once.
The site remembers you on that device until you sign out from your profile.

Good to know

You can browse stalls, the map, the memory wall and results without signing in. You only need to sign in to like or rate a stall, run a stall or judge.

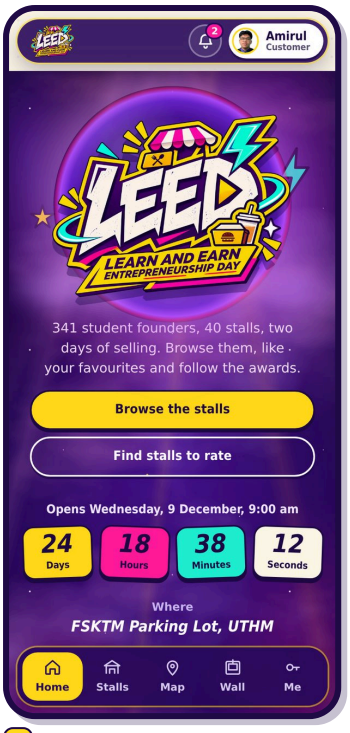

1 Sign in with your UTHM account

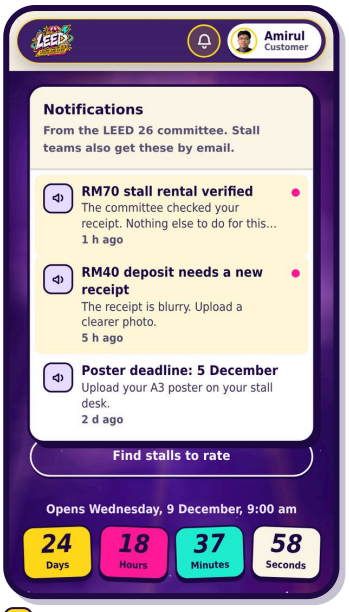

2 Home page before signing in

Finding your way around

3 Signed in: your name and role sit top right

4 The bell opens your notifications

5 Bottom tab bar (phone).
Home, **Stalls**, **Map** and **Wall** are always there. The last tab changes with your role: **Sign in**, **Me**, **My stall**, **Judging** or **Admin**.

6 Top bar.
On a computer the same links run across the top, with Results. Your photo and role are on the right; tap it for your profile.

7 The bell.
A number on the bell means new notifications from the committee, such as a payment being checked or a new announcement. Tap a notification to jump to the right place. Opening the list marks them as read.

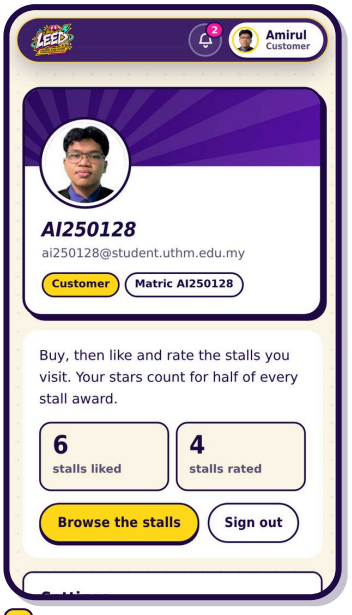

8 Email too.
Stall teams also get the important notifications by email: the team leader in To, groupmates in CC.

9 Your profile (Me).
Shows your name, UTHM email, matric or staff number and role, plus a summary of what you have done: stalls liked and rated, score sheets saved, or your stall.

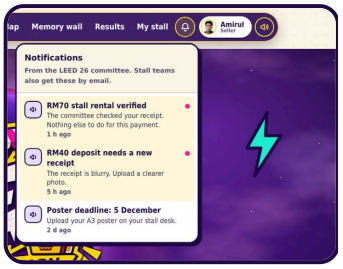

10 Settings.
Turn the click sounds on or off.

11 Sign out.
Use Sign out on your profile, especially on a shared computer.

> ***Tip***
> Your name and matric number come from your UTHM account, so forms that need them fill them in for you and lock them.

5 Your profile

6 Notifications on a computer

Team leaders and groupmates

Stall teams

Everything your stall needs is on **My stall**: registration, both payments, your team, logo, poster, videos, and on the day, how judging and customers see you.

1. **Leader signs in** — Committee has added the leader
2. **Add groupmates** — By UTHM email
3. **Stall details** — Class, product, electrical
4. **Pay RM40 and RM70** — Leader uploads both receipts
5. **Stall page** — Logo, poster, videos
6. **On the day** — Judges and customers

Team leader

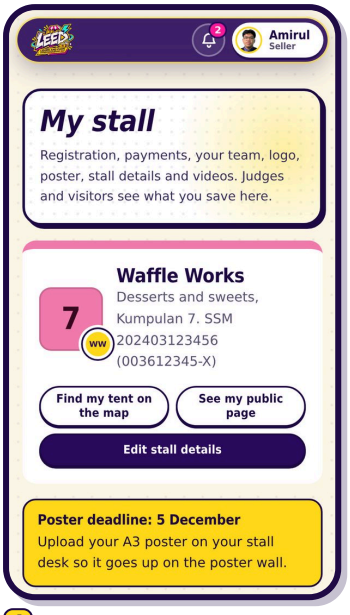

Everything: adds and removes groupmates, submits both payments, edits the stall page.

Groupmates

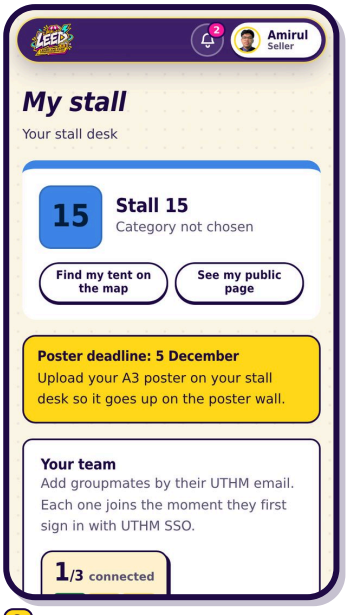

Can fill in stall details and see everything. Payments and team changes are for the leader only.

Committee

Adds the leader for each stall, checks payments and can change anything if you get stuck.

1 My stall, the top of the page

2 A brand new stall

1. **Sign in with your UTHM student email.**
   If the committee has put you on a stall team, the last tab becomes **My stall**. No My stall? Ask your leader to add your email, or ask the committee.
2. **Check your stall card.**
   Stall number, name, cluster and canopy colour. The number and colour are set by the committee; you can change the rest under **Edit stall details**.
3. **Read the notices.**
   Announcements for stall teams appear here and under the bell.
4. **Follow the steps strip.**
   Registration and payments shows four steps: stall details, pitch video, RM40 deposit and RM70 rental. Each one turns green when it is done.

Your team

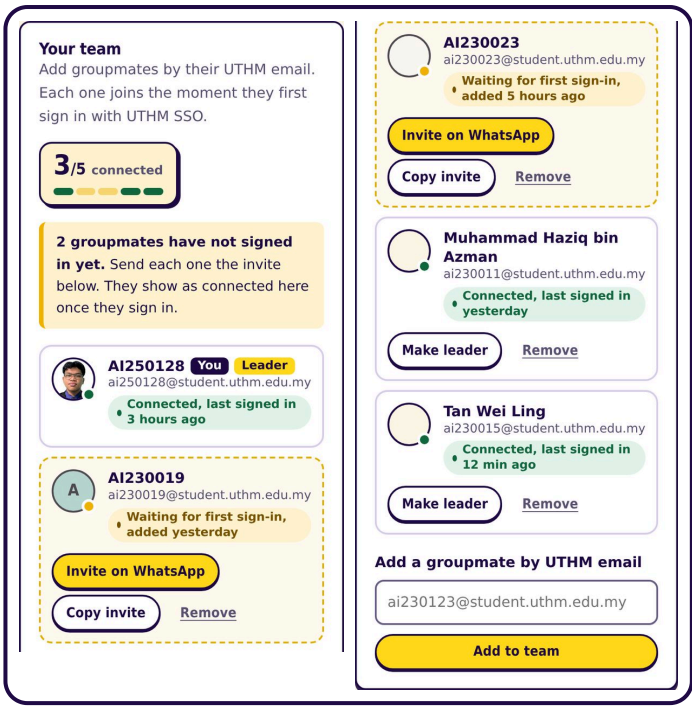

5 Add a groupmate.
Type their UTHM email (for example ai230123@student.uthm.edu.my) at the bottom of Your team and tap **Add to team**.

6 Send them the invite.
Tap **Invite on WhatsApp** or **Copy invite**. They join the moment they first sign in with UTHM.

7 Watch who has connected.
Green means signed in, with the last time. Yellow means still waiting for their first sign-in.

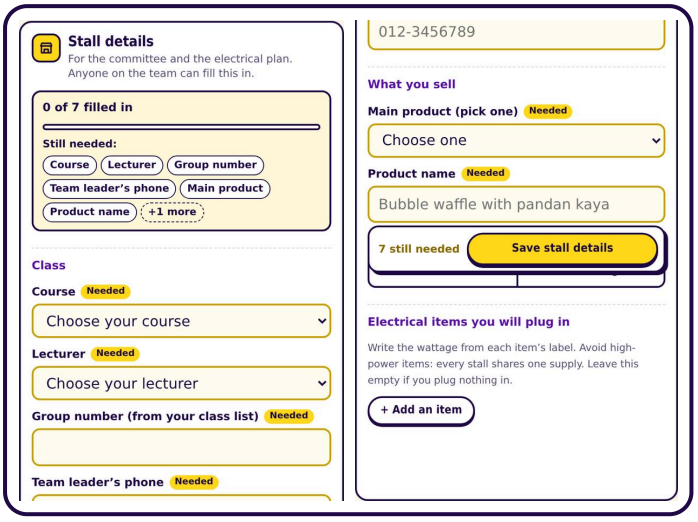

8 Change the leader or remove someone.
Tap **Make leader** to hand over, or **Remove**. You are asked to confirm.

> ***Good to know***
> Groupmates see the same list without the buttons. Only the team leader and the committee can change the team.

3 Your team, as the leader sees it

Step 1: stall details

4 Stall details: "Needed" marks what is left

9 Open Stall details.
Anyone on the team can fill this in. The box at the top counts what is filled and lists what is still needed; tap an item to jump to it.

10 Class.
Choose your course and lecturer, type your group number from your class list and the team leader's phone number.

11 What you sell.
Pick your main product, type the product name, and say whether it is the same product as in your proposal.

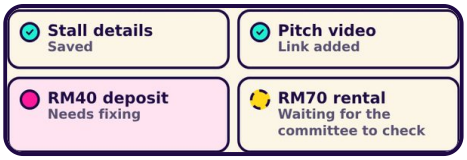

12 Electrical items.
Add every item you will plug in with its wattage, for example a waffle maker, 1000 W. The committee uses this for the electrical plan.

13 Save stall details.
The sticky bar at the bottom shows how many fields are left. Saved details show as a summary with an **Edit** button.

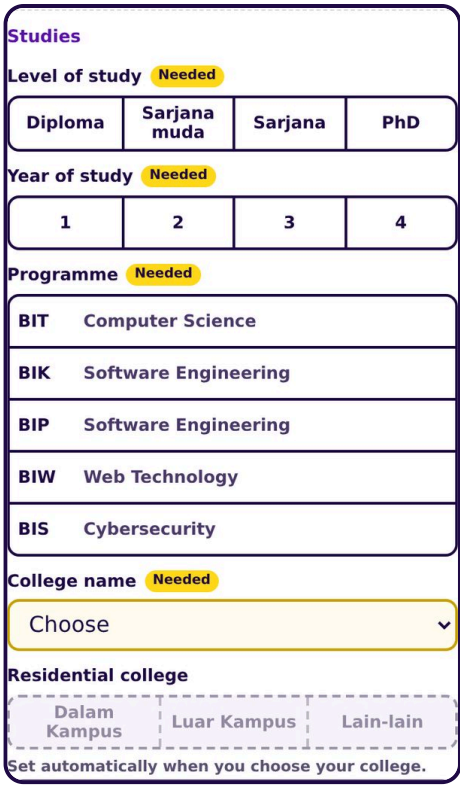

> ***Tip***
> Your stall's canopy colour follows your lecturer, so pick the lecturer carefully.

5 Saved stall details

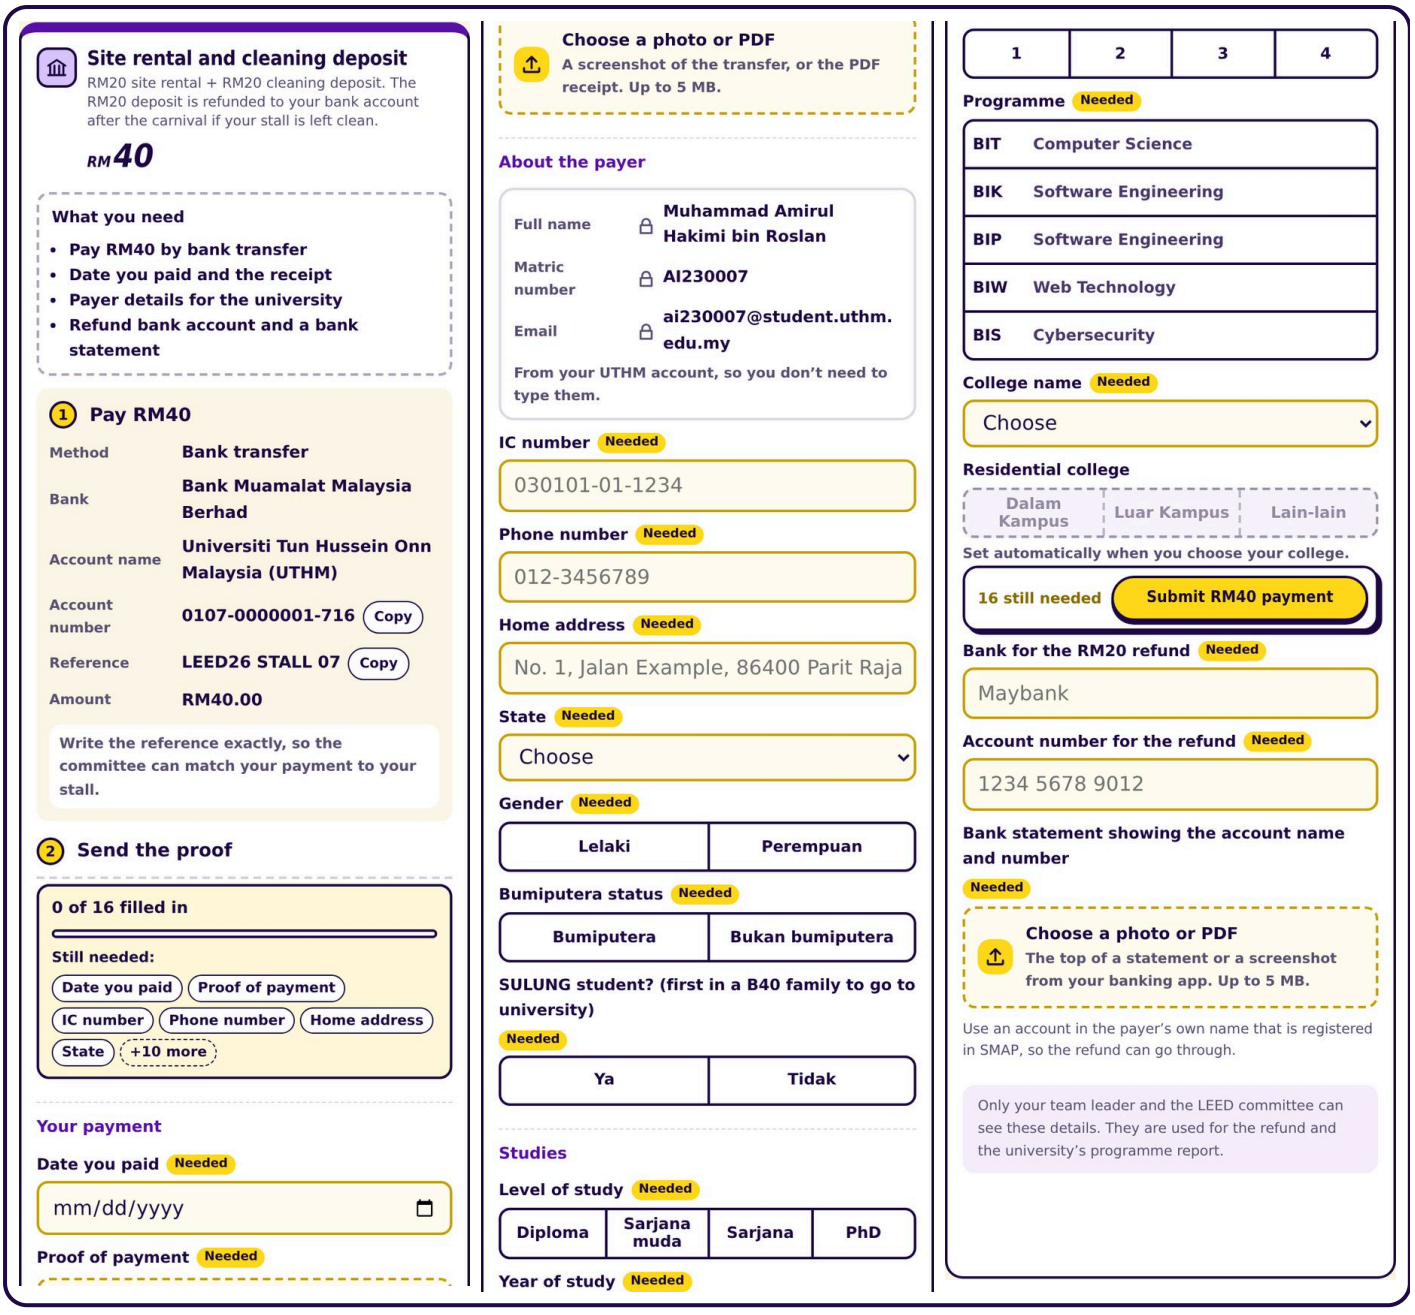

6 The steps strip: done, link added, needs fixing, waiting

7 Studies and college, chosen by tapping

Step 2: RM40 site rental and cleaning deposit

RM20 site rental plus RM20 cleaning deposit, paid to Universiti Tun Hussein Onn Malaysia. The RM20 cleaning deposit is refunded to the payer's bank account after the carnival if your stall is left clean. Only the team leader can submit it.

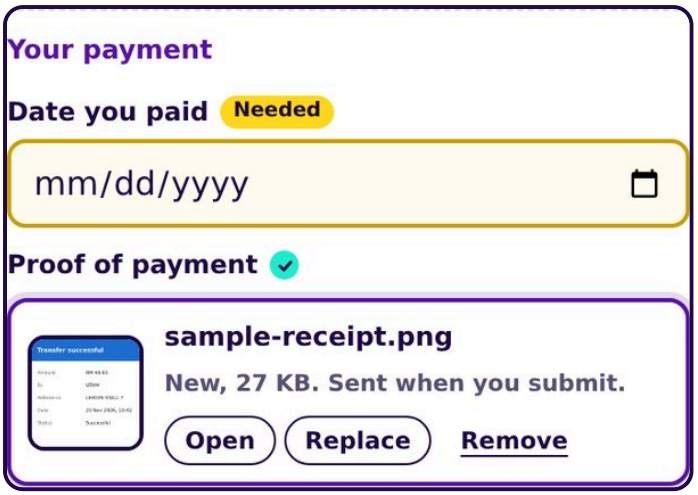

8 The RM40 card, top to bottom: payment details, then the form

14 **Read “What you need”.**
The money, the date you paid and the receipt, the payer’s details for the university, and a refund bank account with a statement.

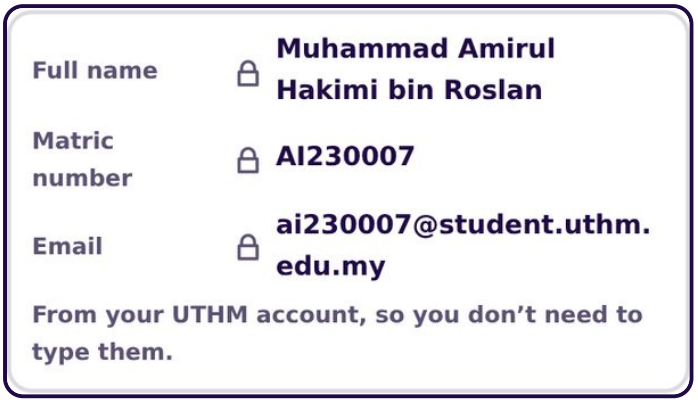

15 **Pay RM40 by bank transfer.**
To Bank Muamalat Malaysia Berhad, Universiti Tun Hussein Onn Malaysia (UTHM), account 0107-0000001-716. Use the **Copy** buttons.

16 **Use your reference exactly.**
LEED26 STALL and your stall number, for example LEED26 STALL 07, so the committee can match your payment.

17 **Fill in the form.**
Date you paid and proof of payment. Your full name, matric number and email are filled in from your UTHM account and locked. Add your IC number, phone, home address and state.

9 Your receipt, previewed before sending

10 Locked: from your UTHM account

18 **Tap the choices.**
Gender, Bumiputera status, SULUNG, level and year of study, and programme (BIT, BIK, BIP, BIW or BIS). The faculty is always FSKTM.

19 **College.**
Pick your college name; the residential college (Dalam Kampus, Luar Kampus or Lain-lain) is set for you.

20 **Refund details.**
The bank and account number for the RM20 refund, and a bank statement showing the account name and number. Use an account in the payer’s own name.

21 **Tap Submit RM40 payment.**
The bar at the bottom shows how many fields are still needed and turns into the submit button.

22 **Check your attachment.**
After choosing a photo or PDF you see a preview, its size and when it will be sent. Use **Open** to look at it, **Replace** to pick another file or **Remove**. Files up to 5 MB.

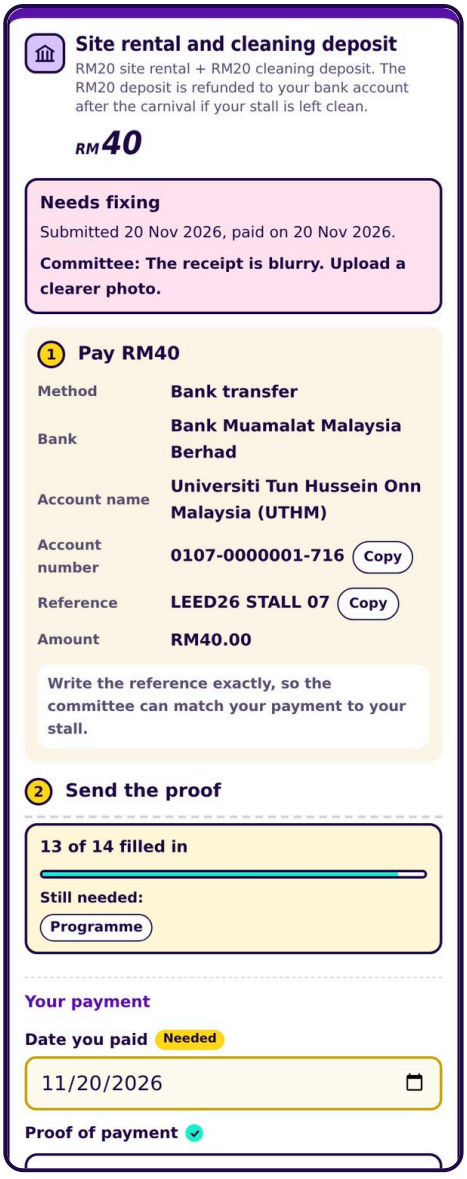

23 **Wait for the committee to check.**
The card turns yellow: “Waiting for the committee to check”, with the date you submitted. You can still replace the receipt if you sent the wrong file.

24 **Needs fixing?**
The card turns pink with the committee’s note, for example “The receipt is blurry”. The form opens again; fix it and submit again.

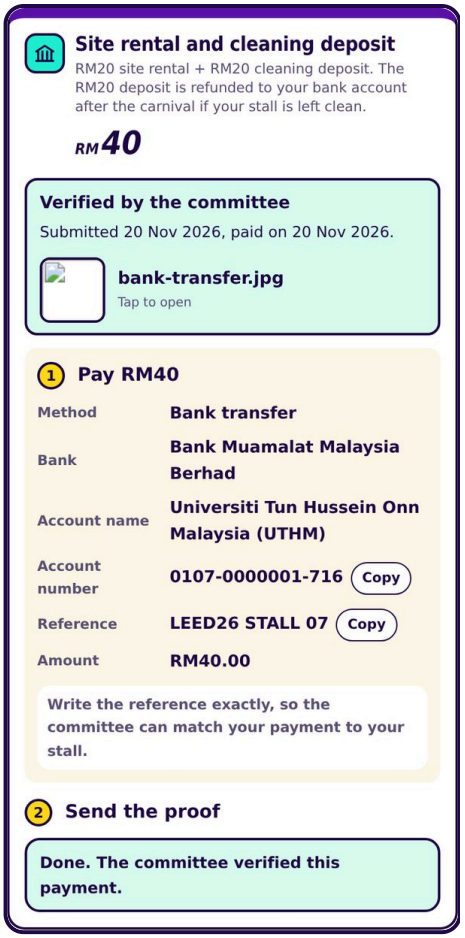

25 **Verified.**
The card turns green: “Done. The committee verified this payment.” Nothing else to do.

11 Waiting for the committee

12 Needs fixing, with the note

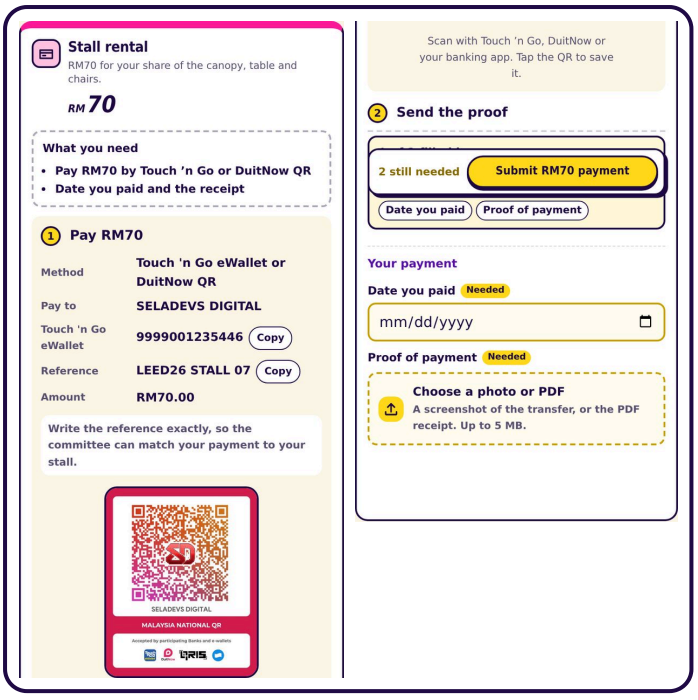

13 Verified

Good to know

Groupmates see the same card but cannot submit: it says only the team leader can submit this payment, and they can follow its progress.

Step 3: RM70 stall rental

RM70 for your share of the canopy, table and chairs, paid to SELADEVS DIGITAL. Only the team leader can submit it.

14 The RM70 card

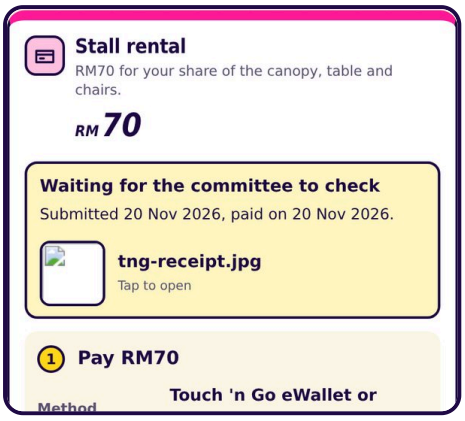

26 Pay RM70 by Touch 'n Go eWallet or DuitNow QR.
Pay to SELADEVS DIGITAL, Touch 'n Go eWallet 9999001235446. Or scan the QR with Touch 'n Go, DuitNow or your banking app; tap the QR to save it.

27 Use your reference exactly.
LEED26 STALL and your stall number, as for the deposit.

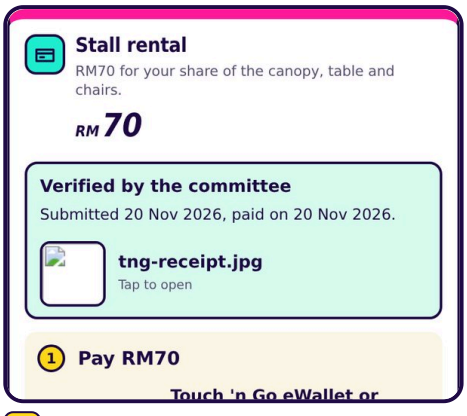

28 Send the proof.
The date you paid and the receipt. Nothing else is needed for this payment.

29 Follow the status.
Waiting, needs fixing or verified, the same as the RM40 deposit. You get a notification and an email each time it changes.

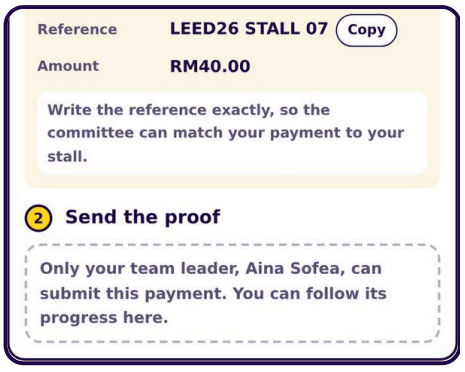

Important
Pay each amount separately: RM40 to UTHM by bank transfer, RM70 to SELADEVS DIGITAL. Do not combine them into one transfer.

15 Waiting for the committee

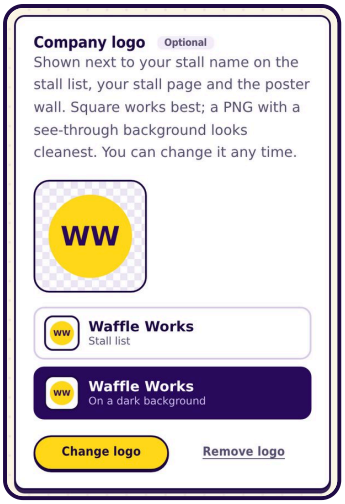

16 Verified

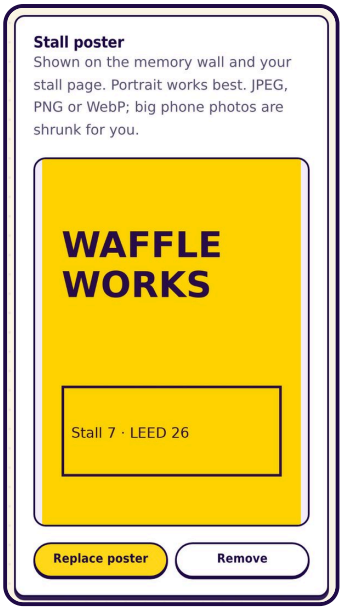

17 What groupmates see

Your stall page: logo, poster and videos

18 Company logo (optional)

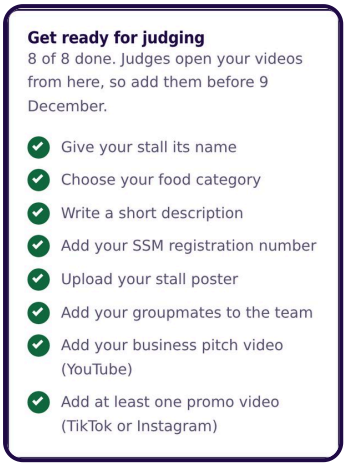

19 Stall poster

30 Company logo.
Shown next to your stall name on the stall list, your stall page and the poster wall. Square works best; a PNG with a see-through background looks cleanest. Use **Change logo** or **Remove logo** any time.

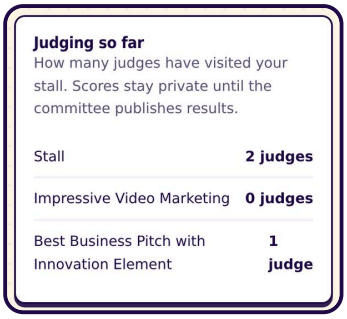

31 Stall poster.
Shown on the memory wall and your stall page. Portrait works best; JPEG, PNG or WebP. Big phone photos are shrunk for you.

32 Edit stall details.
Name, cluster, a short description, your SSM registration number and Instagram.

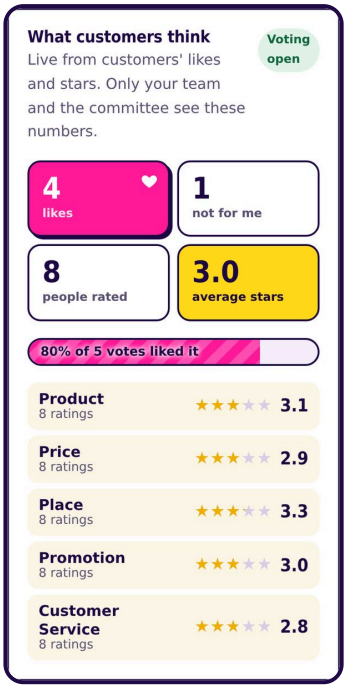

33 Videos.
Paste your business pitch video (YouTube) and up to three promo videos (TikTok or Instagram). Judges open them from their score sheets.

20 Get ready for judging

21 Judging so far

22 What customers think

34 Get ready for judging.
A checklist of eight things judges look for: name, food category, description, SSM number, poster, groupmates, pitch video and at least one promo video. Each turns green when done.

35 Judging so far.
On the day, see how many judges have visited your stall for each award. Scores stay private until the committee publishes results.

36 What customers think.
Live likes and stars from customers, overall and for each of the five things they rate. Only your team and the committee see these numbers.

Tip

Ask customers to open your stall page, tap “I like it” and rate you with stars. Likes decide the People Choice Award; stars are half of every stall award.

3

For everyone

Help and quick answers

Most problems are solved by signing in with the right UTHM account. If not, ask the committee table at the event or message @leed.uthm on Instagram.

“Not a UTHM email” when I sign in.
Choose your UTHM Google account (@student.uthm.edu.my or @uthm.edu.my), not a personal Gmail. On a shared device, sign out of other Google accounts first.

I signed in but there is no My stall.
Your email is not on a stall team yet. Ask your team leader to add your exact UTHM email, or ask the committee.

The Submit payment button does nothing.
Something is still needed. The bar at the bottom says how many; tap an item in the “Still needed” box to jump to it. Only the team leader can submit.

My receipt will not upload.
Use a photo (JPEG, PNG or WebP) or a PDF under 5 MB. A screenshot of the transfer works.

My payment says “Needs fixing”.
Read the committee’s note on the card, fix it, attach a new receipt if needed and submit again.

I cannot like or rate a stall.
Sign in first. Voting may not be open yet, and you cannot vote for your own stall.

I did not get the email.
Check your UTHM inbox and spam. Every email is also under the bell on the site.

Can I change my answers later?
Likes and stars, while voting is open. Score sheets, until judging closes. Stall details and videos, any time. A payment, by replacing the receipt while it is waiting.
